BUNNIM

THE ANNUAL MAGAZINE

Late Shri Ch. Kishan Lal Ji

Dt. 17 Jul. 1910 to 15 Dec. 1988

David School was born in the year 1992 and established itself as an institution deeply rooted in Indian tradition and values. The school was laid down in the memory of Lt. Shri Kishan Lal Ji and 'the spirit and the soul' of the institution planted a sapling with a vision to see it grow luxuriantly bent with beautiful flowers and fruits. As envisaged, the school has progressed by leaps and bounds under the statesmanship of our dynamic manager Shri Ramvir Singh and the diligent efforts of the staff. The school began its journey of thousand miles by starting with four rooms.

The school has a vision to provide qualitative education, to lighten every house where all are educated.

Keeping in mind the vision, the school has now achieved a milestone. It is a co- educational, school recognized by the Directorate of Education, Delhi Administration, and is affiliated to the Central Board of Secondary Education.

As Albert Einstein said, "Education is not the learning of facts, but the training of the mind to think." Similarly, we at David energise and excite the brain of the young minds to invent, to discover, to add to the body of knowledge by making a simple fact a research to help humanity. We strive to create geniuses and make life a constant adventure.

In the quest for knowledge, students are provided with ample opportunities to develop their talents and helped in the development of an integrated personality imbued with a sense of duty and service. We ask our students to look for beauty in every experience, follow it up, enjoy it and make it lead them to their dream.

Dr. Seema Chaudhary (Founder Principal)

In Everlasting Memory of A Woman Known For Her Vibrant Smile And Honest Hardwork...

A passionate advocate for our students and staff, she was like a towering tree planted by streams of water which yields its fruits in season and whose leaves do not wither whatever the season, braving each stone and tempest and standing tall throughout.

The school is a living model of the rich legacy left behind her. Her foray into education had just one aim to enlighten young minds for the growth of society and nation. She was a true visionary, focused and generous.

The lamp of learning lit by our Founder Principal will continue to rekindle the flame of her contribution and commitment towards the progress of school.

We solemnly pray to God to rest her noble soul in eternal peace, though no words can fill the void by her sudden loss.

‘Your Presence We Shall Miss’

‘Your memory we shall always treasure’.

MANAGER'S MESSAGE...

I am hugely impressed by the commitment of the school and the staff to the provision of an excellent all-round education for our students. Under my leadership, and as a team working together, we strongly promote academic achievement among our students.

At David School, education is looked upon as holistic learning experience to help children develop qualities of head, hand and heart which will make them self-reliant individuals and fine human beings, socially aware, compassionate and kind, having pride in their country. Children who are ready to work as agencies of change for building a more socially just and equitable society.

It is our ambition to sow the seeds of acceptance, collaboration and empathy that will help students to deal with the challenges they face as adults. We believe that learning takes place in a variety of ways- in the community, through peers, information technology, media, literacy, life skills and well-being initiatives.

The parent body is an integral part of this institution that has always supported our initiatives. Our endeavour will always be to nurture & strengthen this harmonious partnership between students, teachers and parents.

I wish all the students good luck for the new academic session. May God bless them with abundance of happiness and success.

Kind Regards,

Ramvir Singh

Manager

FROM THE PRINCIPAL'S DESK...

We are living in the 21st century and the role of education has radically changed over the years. The scope and focus of education has evolved and so has the role of an educator. While it may seem apparent that the role of an educator has been relegated to the sidelines, contrary to popular perception, it has become even more crucial as a voice of reason and objectivity in this fast changing socio-economic landscape. As Moore's law hypothesis, while technology and its paraphernalia will keep evolving and maturing every 18 odd months, the wisdom and perspective that an educator brings to the table will continue to strengthen over time and grow with each passing day. Today, the schools need to be effective at engaging learners towards meaningful construction of knowledge and encourage them through appropriate integration of technology to apply learning into action and relevant outcome. While technology would do its bit, teachers as facilitators add the desired human touch and provide opportunities to the students to develop critical thinking skills and engender values that help them become responsible learners.

I marvel at how wisely my predecessor for the last two decades worked to give the right momentum to this great institution. Since its inception, the school has been able to build on the steady foundation of good values and the urge to excel. The endeavor has always been to balance excellence in academics with creativity and compassion. The objective of education has metamorphosed with the passage of time and the need for the globe. At David, we prefer to create situations where a child challenges his own ability, hence becomes his own competitor and thus keeps improving and rediscovering himself.

Best Wishes,

Vinay Chaudhary

Principal

VICE PRINCIPAL'S MESSAGE...

With warm Greetings of New Year, it gives me immense pleasure and I do feel honoured to say that each issue of Rhythm -our school magazine is a milestone that heralds our growth, unfolds our imagination, and gives life to our thoughts and aspirations. Besides, the pages of Rhythm unleash a wide spectrum of creative skills ranging from writing to editing and even designing the magazine. I, through the core of my heart, congratulate the entire editorial team for their hard work and intelligent approach applied in the publication of this magazine.

Dear students, no doubt, today the competition is very high in India but I must say I am proud to be an Indian and I am equally confident to say that you, my dear students, are, indeed, very fortunate that you live in India. The reason - India is a very fair nation in terms of competition and opportunity both. Here, you surely achieve what you deserve provided that you raise the level of perseverance in you, the level of hard work you do and the courage of your convictions you have. I advise you not to reach for the stars in the sky because one literally can never touch them and their glory is only when seen from afar. You are a star yourself and you should work on shining in your own firmament so that your light can illuminate the world around you. Why do you try to achieve goals and standard set by others? I advise you to set your own targets and your mission, include your happiness and satisfaction, but also the well being of others and the betterment of mankind. Don't let others' thought influence you. Think for yourself and accept only what is logical and acceptable to you. Your intuition, my dear students, is your best guide when all else fails, for that is guided by your experiences and teachings and the values embedded in you since childhood.

'Rhythm' - our school magazine offers glimpses of students who have become achievers as they strived for what may have seemed unattainable, but which they conquered through perseverance, hard work and the courage of their convictions.

And with the collaboration of the multifaceted and zealous students, the indefatigable and dedicated teachers, the cooperative and supportive parents, the experienced and intelligent directions of our worthy school Principal and the committed and vigilant guidance of our noble school Manager, I am confident enough that the Davidians will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

With sincere and warm regards.

Ravindar Jha (Vice Principal)

MANAGING DIRECTOR'S MESSAGE...

“The mind is its own place, and in itself can make a heaven of hell, a hell of heaven.”
- John Milton

The above words quoted by renowned English poet in his epic poem “Paradise Lost” reveal so much about the power of mind. The kind of thoughts we keep in our mind indicate our true character in the long run. Our thoughts measure our success. From the very beginning of education, it is our responsibility that we teach our children to fill their minds with motivational thoughts. Thoughts which inspire them to trust their abilities and thoughts which inculcate in them a feeling of sharing and kindness. They must never have malice towards others.

Studies of early cognitive development have led researchers to understand the developing mind as astonishingly competent, active, and insightful from a very early age. Infants and young children are keenly responsive to what they can learn from the actions and words directed to them by other people. They observe everything around them and develop according to the environment provided to them. Our smallest of actions reflect in the growth of the child. As parents and teachers, we must teach them kindness, compassion, humility and patience. Let them be independent in their thought process. It is imperative that our demeanour in front of them must be excellent.

Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations. A school plays a pivotal role in shaping and exploring the innate talents of children. A child can shed his fears and inhibitions and become confident and successful only when it happens with the shared understanding of parents and school. It should be our endeavour to provide a secure environment to our children both at our homes and school.

I congratulate the teachers, staff and students for their strong sense of commitment, service and responsibility that has transformed David School into a magnificent temple of learning today. I also extend my warm regards to the Editorial Board of the school for once again accumulating the thoughts and virtues of students and presenting them in a new edition of our school magazine “Rhythm”.

Keep the good work going.

With Best Compliments,

Deepak Chaudhary (Managing Director)

(DLF Ankur Vihar)

HEAD MISTRESS'S MESSAGE...

“Anyone who has never made a mistake has never tried anything new. “

-Albert Einstein

It's in the nature of the children to make mistakes but it's our school's mission to bring them back on the right path. Along with physical and mental development it is very important to teach them the lesson of morality.

From school itself we learn how to manage our time and discipline. Like having the same uniform promotes equality among all the students. It also teaches them that rules are the same for everyone. One of our duties is to give good values to the children along with good education. Our school organizes many competitions from time to time for the overall development of the children like Debate, Quiz, Nukkad Natak, Patriotic Meet, Sports Day, Poem Recitation, Fancy Dress and Story Telling.

Success doesn't happen overnight. I want to tell all the students that strong determination and hard work is required to turn your dreams into reality. You have to pace yourself, put in the work, and be consistent day in and day out if you want to achieve your goals.

“If you are not willing to learn no one can help you.

If you are determined to learn no one can stop you.”

I would like to thank all the teachers, incharges, management and entire staff members who have made significant contributions to the overall development of school and the students. Special thanks to the parents who have shown complete faith in us. We would not have been able to do anything without their cooperation.

Best Wishes,

Bharti Tariyal

Head Mistress (DLF Ankur Vihar)

FROM THE EDITOR'S DESK...

Dear Readers,

Welcome to the new edition of the school magazine “Rhythm”.

Rhythm has been a beautiful platform for our ecstatic students to showcase their talent of writing and presenting their ideas and endeavours efficiently.

Developing good habits at an early age can help to pave the way for a bright future. There are a lot of things that we do on a daily basis but only a few of them stay with us as we grow. Reading is one such habit that we should all cultivate as this not only adds to our knowledge and enlightens our mind, but also helps in polishing our language skills and vocabulary.

Reading is pretty similar to working out. They both thrive on patience, self-control, and dedication. You might not have hours each day to read or exercise, but when it comes to exercising your body or your mind, every little amount counts. Reading is good for your brain. Reading is crucial because it increases your knowledge, empathy, and ability to use your imagination.

Reading is valuable because it unconsciously improves your writing skills as well. Possessing a large vocabulary will help you write more effectively on both a personal and professional level.

I urge all the students to establish this habit of reading at the earliest for a fruitful learning experience.

I extend my warm regards to our editorial team and all the teachers who coordinated with the team in making the students write ups available and a very special thanks to our Incharge Ms. Lakshmisree Roy and Mr. Mohit for their formidable efforts in organising this edition of our school magazine.

I hope all the readers enjoy reading this fresh and fascinating edition of Rhythm.

Happy Reading!

Vineeta Chaudhary (Editor-in-chief)

SCHOOL HYMN

**All things bright and beautiful,
All creatures great and small,
All things wise and wonderful,
The Lord God made them all.**

**Each little flower that opens,
Each little bird that sings,
He made their glowing colors,
He made their tiny wings.**

**The purple-headed mountains,
The river running by,
The sunset and the morning,
That brightens up the sky.**

**The cold wind in the winter,
The pleasant summer sun,
The ripe fruits in the garden,
He made them every one.**

Aarohi Kasana

Lady Hardinge Medical College Delhi (2019-20)

It is an honour for me to write this appreciation for my school. I would like to thank all my mentors at David Model Senior Secondary School, who held my hand and made me. This school taught me to be confident. During my NEET preparation, Physics the toughest subject was made very easy and understanding by Mayank Sharma Sir. There had been times when life was difficult but the teachers taught me to fight the odd situations out. Regards.

Medical Cadet Harsh Vardhan

MBBS Armed Forces Medical College, Pune

My two years at David Model Senior Secondary School taught me the values of hard work, determination and discipline that helped me to get my dream college, Armed Forces Medical College, Pune. Not only the skills and exposure I received during my school years will help me excel in college academics, it will also enable me to serve the nation and its citizen as commissioned officer in the Army Medical Corps. This institution instilled in me a patriotic spirit for my Nation and a desire to serve my people in the noblest way possible. I want to convey my thanks to the School Management, teachers and classmates for guiding me through this journey. Regards.

ALUMNI MESSAGE

Mukti Sharma

S.N. Medical College, Agra (MBBS Batch-2021)

It has almost been 2 years since I left David school but I still feel it like my second home. I remember all the unforgettable memories that made the 8 years of school journey so beautiful. The best part of my journey was the bonding between us and the teachers. I can't forget the day of our farewell, 07.02.2020 when Hon'ble MD Sir bid us saying that he was bidding farewell to his daughters. Principal Sir has always been a mentor and motivator. "Dear Mukti Beta, may you find what you seek in these pages" written on the first page of the book that he gave me, is no less than a blessing. Teachers of our David family have always been a constant supporter, appreciator and above all well-wishers. Apart from the things that I could learn from the opportunities given in co-curricular activities, the value of discipline, which I've learnt here is going to stay with me for a lifetime. While writing this down I feel walking through the memory lane of my school journey cherishing those great moments. Words would fall short in writing all of them.

A message to all my juniors-

"Attending school daily, following rules and discipline, getting scolded and having so many co-curricular activities might seem disheartening to you at times. But these are your toe learning days. You are being trained for the world you'll face after you pass the school. Make sure you learn and enjoy every bit of these golden years of school life."

Regards.

ALUMNI MESSAGE

Aman Jha

CA, Delhi

“Unlocking Success: How My Parents, Teachers and School Management Paved the Way”

As a Chartered Accountant, I have been fortunate to enjoy a successful and fulfilling career in finance. However, this journey was not just about hard work and dedication, it was also about the support and guidance of the people who helped shaping my life. I owe my success to my parents, teachers, and the School Management, who believed in me and provided me with the foundation I needed to pursue my dreams.

My parents, who always encouraged me to strive for excellence, instilled in me the importance of hard work, integrity and determination. Their unwavering support and belief in me gave me the confidence to pursue my passion for finance and helped me overcome the challenges that came my way.

My teachers, who were not just educators but mentors, played a significant role in shaping my career path. They provided me with the knowledge and skills I needed to succeed and their guidance and support helped me achieve my goals. Their passion for teaching and their commitment to their students was truly inspiring and has had a lasting impact on my life.

The school management, who always encouraged students to strive for excellence, provided a supportive and enriching environment that allowed me to grow and develop my potential. Their dedication to provide quality education and resources were instrumental in helping me to reach my goals and I am grateful for the opportunities they provided me.

Fortunately, I am proud to be a Chartered Accountant and I am grateful for the support and guidance of my parents, teachers and school management. They have been a crucial part of my journey to success and I will always be thankful for their contributions in my life. I hope that my words will inspire my juniors to seek out the support and guidance of the people around them and never give up on achieving their goals.

Regards.

ALUMNI MESSAGE

Lakshay Kaushik

MBBS (Babasaheb Bhimrao Ambedhkar Medical College,
Rohini, Delhi)

First of all, I am grateful to my life and destiny for bringing me to this school. Here, the beautiful experience with teachers and students is something that money can't ever buy. David Model Senior Secondary School played a great role in making me capable to reach my goal! Thank you for being the second parent. This school set me and moulded me to live up to my dreams. Hon'ble MD Sir, Principal Sir, Vice Principal Sir and all my respected teachers, I thank you all for helping me to shape my future and giving me wings to fly high in life. Regards.

Shalu Sharma

Uttar Pradesh University of Medical Science, Saifai

Studying in David Model Sr. Sec. School was like an honour to me. The faculty and the atmosphere of studies here, is really impressive. Teachers like Prem Sir who taught Maths, made every mathematical problem effortless and I would also like to mention our respected Mrs. Seema Mam our Biology teacher as she is the best in the business. Need to mention our special teacher, Mr. Nitin Sir who made Chemistry so easy. The faculty of our School is very supportive and always tries to deliver their level best in favour of students. Overall it is one of the best schools I have seen in my life. I consider myself fortunate that I was a part of this School. Regards.

ALUMNI MESSAGE

CA Surabhi Sarada

Hello everyone!

It is a great honour for me to share with you all that I have cleared all the levels of CA in my first attempt.

This school played a very important role in my life in achieving this milestone as it has imparted me the basic foundation of knowledge to achieve my goal.

This is the best school for a number of reasons!

The teachers are extremely helpful and cooperative. They try to get the best of the students by placing due focus on extra-curricular activities along with the academics. The opportunities one can get here are uncountable. This School provides for the overall growth of a student in a competitive environment.

I am extremely grateful and would like to give the credit of my achievement to my school because “Strong roots produce beautiful leaves” and the roots for me to become a CA is, was and will be my School.

Regards.

Tanisha Mittal

Lady Hardinge Medical College, Delhi

I, Tanisha Mittal had joined David School in the year 2020. The two years of my school life here, was very fruitful and I really feel lucky having been a part of it. Despite the hard times going on then due to Covid- 19 pandemic, the faculty was very good in teaching and guiding me in my journey to clear the Board Exams and NEET. Today, being in Lady Hardinge Medical College, I can proudly say that I am an Ex-Davidian.

Regards

ALUMNI MESSAGE

Ashish Jaiswal

B.Tech from IIT Delhi

It is a privilege that I was asked to write few lines for all of you reading this. It is not much of a success in my opinion but still it was hard to achieve and David played a great role in making me capable to reach my goal. I sincerely thanks to all the faculty for all their efforts which are being reflected in me now.

No matter what is success for you but these features will play a key role in helping you achieve it:-

- Find your goal and stick to it. Many people like you stop in between their path to success, thinking it's not possible for them to achieve it and that's where they are wrong. Believing in yourself and being focused to your goal keeps you one step ahead of people doing the same.
- Be honest to yourself and keep making efforts regularly. A regular practice is always better than the last moment preparation. Not only does it give a feeling of satisfaction but also confidence in yourself.
- Your efforts can never be enough. Everyday ask yourself "Was it enough? What had I been doing or what will I be doing in future to achieve my goal? Will that be enough?". I say, "It will never be". But these efforts can be more than the efforts of other people which will help you in outstanding them.
- Finally work hard till you achieve success for yourself and you will be soon sharing your experience with other people (which is the best part of it).

Regards.

Utkarsh Pandey

B.Tech from Netaji Subhash University of Technology, Delhi

Myself Utkarsh Pandey (2019-20). I became a Davidian in my 9th class. On the very first day, I was afraid about how I will handle this journey but with the support of the teachers, my journey became enjoyable. Right from Class 9th, Maths became my favourite subject and the credit goes to Sanjay Sir, Prem Sir and also Mayank Sir. Himanshu Sir's NCERT coverage for integration is unmatched. In short, I would like to say that David School played an important role in shaping my career from the school to IIT.

Regards.

ALUMNI MESSAGE

Himanshu Chaudhary

B.Com (Honours) from Delhi School of Economics
(Delhi University)

I never wanted to be a Davidian, but today I feel lucky that I was and still am a part of David. I was a student of David Model Senior Secondary School with commerce stream and I completed my schooling from here in the year 2015. David helped me achieve my biggest dream, Shri Ram College of Commerce! David gave me the opportunities to develop myself which I had not got earlier in my life and more importantly it gave me the confidence to exploit those opportunities to the fullest.

Today I'm a completely different personality altogether, trying to balance different virtues of life. I'm leading a team of 200 people with me. I'm dealing with top corporate personalities. I'm dealing with famous celebrities. I'm having meetings with top politicians. I'm organising seminars and events with a footfall of approximately 5000 people. I'm shaping myself and the team I work with and the roots of these leaderships skills are grounded in David. It was only at David where I got the opportunity to stand and speak in front of a mass for the first time. I might not have achieved some thing very big, but my school, my teachers and the entire David fraternity helped me achieve what is the biggest thing for me. I would like to thank Hon'ble Manager Sir and his team together with all the dedicated teachers who helped me become a better person. But this is not the end of the story. I hope, I will have the opportunity to share my bigger achievements with my David family with their blessings in future as well.

Regards.

Health is wealth

A Healthy mind lives in a Healthy Body. With this proverb one can say that health is very important for every living being. When a person is mentally, physically and socially fit, he/she is known to be a healthy person. You can stay healthy by eating fresh vegetables and fruits, by doing exercises or yoga daily. Our mental and physical health is affected specially in meditation. It gives peace to our mind as well. Some people also go to Gymnasium. To be a healthy person we need to make a schedule for our daily life especially of our food. We should eat balanced diet in which all nutrients, vitamins are available. Once in a week we can eat fast food if we want to. All must remember this proverb "Early to bed early to rise, makes a man healthy, wealthy and wise. We should go to bed early and we should wake up early as well, as our body needs 8 hours of sleep. Our health is also important for our country. If at the same time many people die because of some diseases or they are not healthy, it can lead to loss for the company or country they are working in. At last, 'Health is Wealth.' Be a healthy person. Try to do exercise daily and eat fresh vegetables and fruits.

Shreya Verma IX – C

Effects of Global Warming

The very first question arises in our mind, after seeing the topic 'Global Warming': what is Global Warming? The answer is that it is an increase of harmful gases like carbon dioxide, nitrous oxide, etc. in the atmosphere. These gases cause increase in the average temperature of our planet 'Earth'. It is the major problem of our generation. It is increasing due to increase in pollution. Global warming has very harmful effects on our lives. Due to increase in temperature, glaciers at Antarctica are melting which results to flood in many areas. The ratio of harmful gases is increasing day by day. Due to which we are not able to inhale properly. This problem also affects the lungs. Global warming is making big holes in the ozone layer. The harmful UV rays of the

sun entering the earth's atmosphere may cause skin cancer. Another, major effect is the acid rain which occurs due to increase in global warming. When the amount of Sulphur and Nitrate increases, they combine with rain to form acids which are sulphuric and nitric acid.

Subhi IX – F

My Achievements and Failures as a Student

It started from Nursery and now I am about to complete my school life. I am proud of the numerous academic accomplishments that I've made during my time as a student. My first academic achievement is that I've learnt the importance of education in my life because of the excellent teachers who taught and guided me throughout. The real meaning and importance of friends was also taught to me in school. I've made numerous friends and they all supported and helped me in my whole school life.

Now if I talk about the failures, then first one that comes to my mind is that I've always experienced so many important things related to school. I had never thought that I should focus on my school and education. One day it will help me but now, when it's the completion of my schooling I feel it.

All the sweet memories are now coming to my mind. I don't remember the scolding but all I have in my mind right now is their love and efforts to make me successful in my life.

Sakshi Gupta XII – C

Significance of Education

Education is a weapon by which one can change the world. Education plays an important role in our lives. Without education a man remains incom-

plete because life is an adventure and we have to be an explorer. Nothing is impossible if we are dedicated. No hurdles can affect our lives. If we are educated then the path to our desired success becomes a bit easier. Education leads us to a way to success. When we are not educated, we face many problems in our lives. Life is full of struggle. By education we can win anything and always be successful. By getting education we get respect from others. Nowadays there is a cut-throat competition and people struggle much in getting education.

Lakshay IX – F

Some Amazing **FACTS**

1. Hawaii is moving closer to Alaska by 7.5 centimetres every year.
2. A cockroach can live without its head up to a week.
3. People say 'Bless You' when you sneeze because when you sneeze your heart stops for a millisecond.
4. Carbon monoxide can kill a person in less than 15 minutes.
5. The fastest bird is the Peregrine Falcon that can dive at a speed up to 240 miles per hour.
6. A cat tail contains nearly 10% of all the bones in its body.
7. Hearing is the fastest human sense; a person can recognise a sound in as little as 0.05 seconds.

8. The footprints on the moon will stay there for the next 100 million years.
9. The first ever black hole photographed was 3 million times the size of the earth.
10. Australia is wider than the moon.
11. Venus is the only planet to spin clockwise.
12. Spanish National Anthem has no words.

Agrima Pathak VII-B

Silence

What is silence?

Is it a way to hide your feelings?

Or a fascination to pursue

Can I see your resolution?

Resolution that you have taken with a thought

That delves into your pin pointed nerve

To make best of hearted world a little curve.

For me silence means a lot

It's not just a way to hide my feelings

And not just a bulging thought

So, what is it for me?

For me it's a weapon- a sharp one

A weapon to change wrong hypothesis

A weapon to take those non fictional blessings

And also, a tool to tinker my mistake

And to kneel down those who are hypocrites and fake

And to ponder over my wrong doings

By exploring the peaceful lake

That only silences give and take.

Kashish Bansal XII-D

Success

Success is a journey not the destination. Success does not come to those who wait for it and it does not wait for anyone to come to it. It often comes to those who have the aptitude to see way down the road. A successful person keeps moving. He makes mistakes but never gives up the road to success. Success comes step by step, little by little, bit by bit, that is the way to wealth that is the way to wisdom that is the way to glory. The difference between a successful person and others is not the lack of strength whilst the lack of knowledge or lack of will. Many people have succeeded only because they have failed after repeated efforts else, they would have never known any great victory. Time plays an important role in success as time commands success and achievement. One important key to success is self-confidence. An important key to self-confidence is preparation. Success is the state of mind. If you want success, start thinking of yourself, as success is the key to happiness. It is about having dreams and the key to success is making your dreams come true.

Priyanshi Aggarwal VII-D

The Legends of West Bengal

West Bengal is a state with numerous legends. One of them is Rabindranath Tagore. He won prizes for his novels written in Bengali and for English poems, stories and songs. He won the Nobel Prize in 1913 for his famous book Gitanjali.

How can one forget Netaji Subhash Chandra Bose for his overwhelming contribution in the struggle of India's freedom? He founded 'Azad Hind Fauj.' He also gave a slogan: 'You Give Me Blood and I Will Give You Freedom.'

Another prominent personality from West Bengal is Swami Vivekananda who is known for his intellect and inspired many people. He gave the slogan: 'Arise, Awake and Don't Stop until the Goal Is Reached.'

Next is the great educator and reformer Ishwar Chandra Vidyasagar. He was a writer. His first book was Barnaparichay. From this book we learn about letters and words.

Jagadish Chandra Bose, who earned his name by demonstrating that plants have the same feelings as the animals and human beings have. He was also the founder member of the Bose Institute in Kolkata.

Soymu Mondal VI-C

Teenage Depression

Depression is a term that has become common in today's modern life style. Similarly, 'Teenage Depression' should not sound weird as we teenagers may also get depression. Elderly people compare us with them as how they were in this age but people should understand that with the passage of time things get changed and as of now mental health is also a concern. No one tries to understand that teenagers may also go into depression. People take it as a joke. Now, the literal meaning of the term 'Teen Depression', is a big question. So, it is a serious mental health problem that causes persistent feeling of sadness and loss of interests in activities. It affects how teenagers think, feel, behave, etc. and it can cause emotional, functional and physical setback.

Nowadays, it is very common, that teenagers are getting depressed. Competition is also getting tougher day by day. The pressure of exams, projects, assignments, and homework is also affecting us. Besides this, the pressure of society affects us the most. Because they are always here to judge us by our grades, marks or looks. It makes us feel insecure. Sometimes, our parents also demotivate us by saying that we cannot do anything. We are useless, we cannot achieve our goals. I mean they also want us to achieve success in our lives, but they don't understand that by hearing these words we are getting demotivated and depressed. Being a teenager, I also know the pain behind it. Our elders should be friendly with us so that we can talk to them and share our problems with them without getting scared of being judged or scolded. Generation gap should not be there. Mental health of teenagers should be taken care of.

Ankana IX-B

Unity in Diversity

Sardar Vallabh Bhai Patel is also known as the "Iron Man of India". He is remembered as very strong and dynamic freedom fighter. He made a tremendous contribution in our freedom struggle. He was one of the most eminent and prominent leaders of our Indian freedom struggle. Sardar Vallabh Bhai Patel was born on 31st October, 1875 in Nadiad Village, Gujarat. His father was Zaverbhai Patel who served in the army of Queen of Jhansi and his mother Ladba was inclined towards spirituality. He was having a very brave character since his childhood. At the age of 22, he completed his matriculation when everyone completes his/her graduation. Everyone thought that he would be doing a simple job. After completing matriculation, Sardar Patel started his studies and became a law graduate to become a barrister. After returning to India, he started practising in Ahmedabad, Gujarat. A meeting with MK Gandhi in 1917 brought him closer to India's freedom movement. He joined Indian National Congress and his initial movements started with 'Satyagraha' in Gujarat against British atrocities.

Later he actively participated and volunteered the Quit India Movement closely working with Gandhiji.

He has been inspiring. He had a very strong contribution to unite the people of India together during India's Freedom Movement. His principle towards uniting the people of India made him "Iron Man of India". After Independence of India on 15th August, 1947, he became 1st Deputy Prime Minister of India. He was one of the three leaders who led India from 1947 to 1950. He started keeping unwell rapidly and died on 15th December, 1950 after suffering Massive Heart Attack. He was honoured with Bharat Ratna Award in 1991.

Jiya Pandey IX-D

Today I Wrote This Poem

Today I wrote this poem
 But I'm not sure if it's good
 It doesn't have the things
 That my teacher says a poem should
 It doesn't share the feelings
 I have deep inside me
 It hasn't any metaphors
 And not one simile.
 It's missing any narrative
 Alliteration too
 It isn't an acrostic
 Diamante or Haiku
 There's nothing that's personified
 It doesn't have a plot
 I'm pretty sure that rhyming
 Is the only thing it's got
 It's a fun to write it,
 And I think it's long enough
 It's just too bad that it's missing
 All that great poetic stuff.
 I put it on my teacher's desk
 And wow, she made a fuss
 She handed back my poem
 With an A++++!

My Lovely School

A school is the place for getting education, knowledge and awareness. It fulfills the important needs of mankind that is education. Schools are very important in our lives. These have been the essential part of mankind since long times. In fact, the education provided by the school, is the reason of progress and development of mankind. A school leads us to the doors of education that leads to success. They help in training, guiding and preparing the young bright minds for future. The best school always creates the best students. My school is also one of the greatest reputable schools in my area.

I study at 'David Model Senior Secondary School'. It is one of the oldest schools of my area and has a very good and successful history in education. My school is very near to my home and so I often go to my school on foot but sometimes my brother drops me while going to his coaching. My school has a beautiful building with wide open playground and a beautiful garden.

I reach my school on time. After taking part in assembly, all the students go to their classrooms. I study in class 6th. My teachers are very kind and lovely. They teach us with care and love. My classmates are very caring. They all help each other in studies.

My school follows the discipline strictly. Various seminars and events are held in our school. Students are encouraged to take part in all such events. There is a Multipurpose Hall in our school, built for such purposes. Various programmes like Quiz Competitions, Speeches, Tabloids, Debates, etc. are held. Apart from these, the students of my school also take part in other academic and sports competitions against the other schools.

My school values sincerity, honesty, dedication and good manners. It focuses on the overall development of students. All the students are treated very kindly. In fact, we all feel this school as our second home. Students of various backgrounds and different ages study here with great mutual cooperation and care. All the teachers as well as the students are very cooperative and helpful. My school is an ideal school for every student. It provides the best environment for physical, educational and mental development of a student.

My school is one of the best schools in terms of

educating and training the students with good manners. The schools have really a great role in creating a well behaving and law-abiding citizen for a country. Schools are the real training grounds for a nation. I am proud of my school. I am thankful to my parents for choosing this finest place for me to study.

Social Networking – Merits & Demerits

Technology is increasing day-by-day. There was a time when one used to play games like Ludo, Carrom, etc. but contrary to it today's generation is expert in mobile games. People who used to spend quality time with their families are now doing face time conversation. People in our surroundings are different in social life and real life. Some are extrovert in social life and an extreme introvert to meet in real life. A coin has two sides: Heads and Tails. All of us know this proverb as it is one of the common and popular proverb. Likewise Social networking sites also have Merits and Demerits. Few merits of Social Networking sites are wider social network, knowledge of current affairs and keeping oneself up to date always. Talking about demerits, using many social sites may kill our time, leak one's personal information and data can be used for commercial purposes also. At last, one should use social sites carefully.

Unnati Kandpal IX-A

Shaping Future with Education

'Education' as it is known, the most powerful weapon in the world is a thing which can't be stolen. If it is given to another person, it always increases. It is said that the only thing that can change the world is education. Education is important in our lives as an educated person can earn good and live a luxurious life. Education is important for our career, skills, creativity, extracurricular activities and many other things. Education directly or indirectly means knowledge and it can be anything like our skills or other things.

It is said that knowledge or education increases every time we share.

Education is a ladder to reach the platform of success in our lives. That's

why government has started many programmes on education and influences people to take a closer look and attention to child's education. It helps us to develop a good sense, an idea, thinking ability and strong will power. It helps people to excel in life. These are the reasons for which education is important.

Pari Panwar IX- D

Evil Instincts and Declining Values

Since ancient times it is seen that humans have a greedy and selfish nature. From the old folklores to the current day real life incidents, all are filled with examples that show the greed of the human beings. We have read about Ravana, and also heard about Shurpanakha. When she could not achieve what she wanted, she manipulated her brother to take revenge. In the current days such events can be seen when someone is not able to achieve what they long for. They take other measures to either get that thing or destroy it so that no one else could get it. For achieving these things, they manipulate or brainwash some innocent, make them villains and use them to achieve what they want by using violence. While committing such misdeeds they don't think about the other innocent people who

will get affected by their bad deeds. Same things are repeated by the people again and again. Due to these the human society is leading to its fall. We should always spread awareness among the people and we need to identify the Shurpanakha of today and expose them in front of the whole society so that we can stop these crimes before it happens.

Divyanka Nandini IX – F

Increasing Obesity in Children

Nowadays, children are putting on a lot of weight. They are experiencing this because of their laziness and habit of eating a lot of unhealthy food. Children are getting addicted to junk food like momos, pasta, spring roll, chilli potato, etc. They don't even like healthy food. Healthy food doesn't mean that you can't eat junk food lifetime. Children can eat junk food but in a balanced way. Today children don't like to do exercise, dance and meditation, so their weight is increasing. Obesity is the worst thing because of this, children suffer from various diseases. Children should maintain their diet. They should follow a balanced diet plan and try to eat less junk food. They can dance and burn calories. Nowadays, children even don't like to do any work. This is the main reason for increasing obesity among children. "We should eat to live not live to eat". Try to be healthy and productive.

Trisha Dubey IX – D

The Pros and Cons of Social Networking Sites

‘D’ refers to Digital and ‘D’ refers to Development. ‘But wait for a minute!’, ‘D’ also refers to Destruction and Distress. Nowadays, Social Networking Sites are used to provide platforms for development of skills, interaction with others, finding many job opportunities, etc. The world is working on Social Networking Sites. These sites are used in the field of politics, education, social awareness, information, communication, etc. When we are discussing many benefits of Social Networking Sites then we cannot ignore the problems that these Networking Sites pose. Our country is developing with the digital platforms, No doubt! But development is directly proportional to the crimes over these Networking Sites.

What is the need of a Cyber Crime Department in a country? It's clear that these networking sites lead to cybercrimes such as harassment, threatening people and stealing information data to defraud them. These networking sites affect teenagers the most. We need to limit the usage of social networking sites. One should use it only for the authentic purposes. As someone has said "Use Authentic, Be Authentic."

Mansi Shukla IX – C

Self-Realisation

Let me hold your hand,
Just one more time
I thought we would grow
Old like a fine wine

But it was too late to realise
That "You were the right person
But on the wrong time"
"You were the right script,
I was the wrong line"

All those low feelings I hid inside
You were a part of me but you
Were "never mine"

Aashka Singh IX – F

Ground Reality of Feminism

"Feminism is not about empowering women; they are already powerful. It is about to change the perspective of people looking towards women."

In this Modern Era, where we are provided with enough liberty and freedom, where each and every human being is treated equally with the same margin. in this emerging universe, then where is the human race lacking in changing their mindset? The cycle of evolution has somewhere stopped at the level of the supreme and mentality. The word 'Woman' beholds the supreme and eternal power beneath her soft

appearance. As per saying “One should not judge a book by its cover”, it doesn’t mean if she is quiet, calm and composed then we will underestimate her strength. Opposing all the odds and defeating the criticism, women of 21st century have completed their journey till this present time. There must be a reason that we avoid the participation of women with equality in each and every system whether it is politics or research. Why are women put, behind men always? This question has turned into an arguable topic. On TV debates and speeches of leaders, women empowerment has turned into a political propaganda to gain votes.

Looking on the other side of the coin: What women face in their daily lives and what are the main challenges in her family and society?

There are different perspectives of looking towards a woman. A few consider that she has been provided with each and every facility and right under the law but many of us don’t know what are they going through emotionally and mentally.

One should question those “Pseudo - Equalizers” if there is certain environment established for women which is assured to be safe, then why are such cases of assaults and inhuman crimes against women rapidly increasing in the world?

“Equality won’t be established complete, until the mentality of people gets changed”.

Ayaan Mudgal XI – B

An Ideal Student

“You cannot change your future but you can change your habits, and surely your habits will change your future”.

-A.P. J. Abdul Kalam

The word ‘student’ refers to “a learner”. A person who wishes to acquire a certain kind of knowledge and wisdom or skills in a particular field or enhances his/her intellectual capabilities, in general manner is a learner or a student. A person for the first quarter of his life to foremost a student in order to acquire knowledge and gain wisdom should have certain qualities, capacities and abilities. A person who has

such capabilities makes him a desirable and likeable student. An ideal student should first of all be punctual. He should know the value of time. If he lacks this quality, time, the great power, will finally beat him and he will fail to achieve his goals. Next, an ideal student should be obedient and should have open mind. A good student should be humble as well. Be obedient and gain the knowledge and the skills imparted by the teacher. A good student should be persevering and consistent in his studies. A person who moves ahead continuously without being discouraged by failures and obstacles, succeeds in life. Having perseverance, a good student should be hard working. Hard work and consistency go hand in hand. Moreover, a good student will never be selfish. An ideal student will have a keen observation and a curious mind. With these, he will be first to acquire knowledge, wisdom and understanding. In modern days, an ideal student is sometimes mockingly called a “book worm” or a “teacher’s pet”. An ideal student should have the curiosity for modern gadgets like others. But he knows how to avoid temptation and addiction. A healthy mind resides in a healthy body. Thus, an ideal student has to be physically strong and fit in order to have a good concentration and to work hard. And we all know a disciplined student is always successful. Finally, a good student is also respectful. He who knows no respect, knows no knowledge is a maxim. These are some qualities of an ideal student which are his batons on his march towards attaining the eternal wisdom.

“Education is the passport to the future, for tomorrow belongs to those who prepare for it today.”

-Malcolm X

Pari Panwar IX-D

The Culture of Mediocrity

Mediocrity refers to a state of being average but not very good, admissible but not the best. In the present-day scenario society has normalised mediocrity to such an extent that the will to rise high or gain mastery has now ceased in people. It destroys self-esteem, ambitions and faith in our abilities and makes us follow the norms set up by society unquestioningly.

In order to unlock our fullest potential, we should constantly thrive to grow and make progress in life. Learning is the stepping stone to mastery. We should always keep learning by reading books, watching educational podcasts and trying out everything that excites us. We should accept that there is dire need for us to put a break upon accepting rules and standards made by the society uncritically and keep our curiosity alive.

Capitalism is one of the key reasons behind the above-mentioned problems as it prefers a homogenous society that shares the same taste of its products and same ambitions to support its businesses. The governments also prefer to rule with no questions asked and even within the government the core leadership prefers a compliant assembly of lawmakers. The schools, colleges and other educational institutions can help people in making the fullest use of potential and capabilities.

Thus, we should make ourselves stronger than our excuses that prevent us from learning and growing and follow a profound historian Will Durant's advice that "We are what we repeatedly do. Excellence then, is not act, but a habit."

Bhumika Singh XII – D

SAVE WATER

Water, water everywhere,
But not a drop to drink.
Wastage is everywhere,
Thus to save it for future, please think.

Save water and save your future,
Because it is the best gift of nature.
Water is the base of life,
We need it to survive.

Nature has given us many beautiful things,
It has made our life, a season of spring.
Please do not waste it!
Save it for the coming generations to taste it!

बेटी

जब - जब जन्म लेती है बेटी,
खुशियाँ साथ लाती है बेटी ।
ईश्वर की सौगात है बेटी,
सुबह की पहली किरण है बेटी ।
तारों की शीतल छाया है बेटी,
आंगन की चिड़िया है बेटी ।
त्याग और समर्पण सिखाती है बेटी,
नए-नए रिश्ते बनाती है बेटी ,
घर में उजाला लाती है बेटी ,
बार-बार पास आती है बेटी ।
बेटी की कीमत उनसे पूछो ,
जिसके पास नहीं है बेटी ।

ऐसा अंग्रेज शासन

पत्तों की छांव में,
ठंडी हवाओं में ,
मेरे भीतर एक विचार
उमड़ आया,
देखो ,अंग्रेजी शासन से ,
मेरा भारत लड़ आया ।
लेकिन एक कमी दे गया ,
कि... मेरे अपनों को अपनों से ही लड़ा गया ।
हिंदू, मुस्लिम , सिक्ख ,इसाई
रहते थे कभी भाई-भाई ,
लेकिन आज ये मतभेद क्यों आ गया ?

कि... मेरे अपनों को अपनों से ही लड़ा गया।

एक मसीहा जगा आज भी ,
जो देता है अनेकता में एकता,
हैं ये हमारे राष्ट्रीय पर्व ,
जिनकी ओर गर्व से सारा जहाँ देखता।
राष्ट्रीय पर्वों पर भी वह छा गया

कि... मेरे अपनों को अपनों से ही लड़ा गया।

ईद हो चाहे हो होली ,
हम मिलकर मनाते हैं ।
फिर अनेकता में एकता की,
मिसाल बनाते हैं ।
कहीं ना कहीं वह हमारे दिल में ईर्ष्या जगा गया।

कि... मेरे अपनों को अपनों से ही लड़ा गया।

युवाओं का विदेश के प्रति बढ़ता मोह

आजकल हम सब यह देख सकते हैं कि लोगों का विदेश के लिए आकर्षण बढ़ता जा रहा है। लोग पढ़-लिखकर विदेश जाने के सपने देखते हैं। आजकल बचपन में ही मां-बाप अपने बच्चों को विदेश भेजना चाहते हैं। आजकल लोगों के मन में यह धारणा बनती जा रही है कि विदेश में अच्छी सुख सुविधाएँ मिलती हैं। लोग भारत में पढ़ते हैं, परंतु पढ़-लिखने के बाद अपनी नौकरी के लिए विदेश में चले जाते हैं। जिस देश में पैदा होते हैं, उस देश को छोड़कर लोग चले जाते हैं। वैसे तो देश प्रेम की बात सब करते हैं लेकिन जब अपने देश के लिए कुछ करने का समय आता है तो उसे छोड़ विदेश चले जाते हैं।

लोगों के अनुसार विदेश में ज्यादा पैसे, अच्छी नौकरी, सुख-सुविधाएँ अधिक होती हैं। किसी ने सही कहा है कि, “दूर के ढोल सुहावने लगते हैं” भारत भी एक उन्नत राष्ट्र है। जब तक हम अपनी जन्मभूमि के लिए कुछ करेंगे ही नहीं तब तक हम एक सच्चे देशभक्त नहीं कहलाएंगे।

युवाओं का विदेश के प्रति बढ़ते मोह को रोकने के लिए उन्हें अपने देश की अहमियत को समझना होगा। अपने देश की उन्नति के लिए प्रत्येक कार्य में सहयोग करना होगा।

जीवन संघर्ष है स्वप्न नहीं

जीवन के संघर्ष से बढ़कर कोई वक्त नहीं,
जीवन जैसा कोई मित्र नहीं।

यही मायने में सिखाए जिंदगी का मूल,
ये जीवन है सबके अनुकूल।

स्वप्न में जो देखा वो था सब झूठ,
जो जीवन में मैंने पाया मेरा स्वप्न गया टूट।

होगी जीत संघर्ष रूपी सपनों की
लिखी जाएगी एक कहानी,

इतिहास भी इसका गवाह होगा
जब मैंने हार नहीं मानी।

अभी तो सफर है लंबा
जिंदगी को बदलना है।

अभी तो पत्थर भी आएंगे
उनसे भी संभलना है।

जीवन के संघर्ष से बड़ा कोई स्वप्न नहीं
इतनी जल्दी हार मान जाऊँ, ऐसा मेरा रक्त नहीं।

जीत की खुशी भी होगी बड़ी,
स्वप्न भी होगा सच,

चाहे कितनी भी मुश्किल हो खड़ी
मैं ही जीतूंगा ऐसा मेरा है-मत।

जीवन में सरसता लाते त्योहार

जीवन में सरसता लाते त्योहार
जिंदगी में लाए बहार।
आए साल में एक बार,
लेकिन याद आती है बार-बार।

नाचते गाते खुशियां मनाते,
सभी साथ में घुल - मिल जाते।
पकौड़े बनाते, मिठाई बनाते,
सभी के साथ मिलकर त्योहार मनाते।

मम्मी पापा के साथ घूमने जाते,
मेले में जलेबी खाते
हमें बचपन की याद दिलाते,
सबको एक दूसरे से मिलाते।
जीवन में सरसता लाते त्योहार,
आओ मिलकर मनाए त्योहार !

सरस्वती वंदना

वंदन है! वंदन है! हे मां तुझको वंदन है!
पुण्य धरा पर नवल तिरंगा लहर रहा है आंचल सा
सरिताएं लहराकर कहती प्राण वाहिनी वंदन है;

वंदन है! वंदन है! हे मां तुझको वंदन है!
खून सींच श्रृंगार किया है, मंगल, देव-
भगत सिंह ने
वाणी उनकी गूंज रही है विश्व वाहिनी वंदन है!

वंदन है! वंदन है! हे मां तुझको वंदन है!
जीवन सुमन चढ़ाएं तुझ पर ,ऐसा उत्तेजन भरदे
अमर कीर्ति तेरी हो जननी हंस वाहिनी वंदन है!
वंदन है! वंदन है! हे मां तुझको वंदन है!

श्यामलता शर्मा
पीजीटी. हिंदी

क्यों???

क्यों कहीं हर वक्त मन मंगल है ?
तो क्यों कहीं पूरा जीवन बेरंग है??
क्यों कोई जरूरत से ज्यादा भरपूर है?
तो क्यों कोई दो रोटी को मजबूर है?
क्यों कोई इतना आत्मविश्वास से भरा है?
तो क्यों कोई हर वक्त बस डरा है?
क्यों कहीं पूरे जीवन मेहनत की कमाई है ?
तो क्यों कहीं किसी ने बेशुमार विरासत पाई है?
क्यों कहीं हर बंधन मुक्त सुकून है?
तो क्यों किसी के लिए बस नियम और कानून है?
सब तेरी ही तो रचनाएँ हैं,
तो क्यों इतनी विविधताएँ हैं?
क्यों नहीं सब एक ही रंग में रंगें हैं?
क्यों कहीं इंद्रधनुष तो कहीं हर रंग फीके पड़े हैं ।
रितु राय (अध्यापिका)

कामयाबी की चाहत

माँ की ममता, बाप का लाड़ छोड़ आया हूँ,
अपनी कामयाबी के लिये कितनी आवाज भूल
आया हूँ।
दोस्तों में लगी दौड़, उनके बुलाने का शोर,
वो पतंग की कटी डोर, जैसे सारी यादें भूल आया
हूँ,
अपनी कामयाबी के लिये काफी दूर आया हूँ।
वो कोयल की राग, वो ठंड की आग,
वो तालाब का किनारा, वो
सुनहरा सवेरा छोड़ आया
हूँ,
अपनी कामयाबी के
लिए अपनी सहूलियतों
से भाग आया हूँ।
वो हरियाली, वो क्यारी,
वो सुबह मतवाली भूल
आया हूँ,

हर दिशाओं को पग-पग नाप आया हूँ।
उन मोड़ों से मुंह मोड़ आया हूँ,
कितने रिश्ते-नाते पीछे छोड़ आया हूँ,
अपनी कामयाबी के लिये मैं शहर आया हूँ।
पर आते वक्त साथ दुआएँ ही लाया हूँ,
बड़ी मशक्कत से इन नम आँखों को छिपाया हूँ,
खैर, आते वक्त वो मीठी यादें भी साथ लाया हूँ।
माँ की ममता, बाप का लाड़ छोड़ आया हूँ,
अपनी कामयाबी के लिये कितनी आवाज भूल
आया हूँ।

कविता

देश बंटा था जब टुकड़ों में,
पटेल ने था किया योगदान,
फिर हुआ अखंड सदा को,
मेरा भारत देश महान।
उत्तर में हिमालय शोभित,

जो है इसकी उत्तम शान,
दक्षिण में सागर की लहरें,
करती है इसका गुणगान।
भाषा - बोली अलग- अलग है,
फिर भी सबका है सम्मान
पूरब से लेकर पश्चिम तक,
सारा एक है हिंदुस्तान।

विवान
चौथी - 'स'

अनमोल है माता पिता

साथ तो हमेशा मां-बाप देते हैं,
बाकी सब तो इल्जाम लगाते हैं।
खुद भूखे रहकर पेट मेरा भरा है।,
अपनी खुशियों से पहले खुशियाँ पूरी, मेरी करते हैं।
मेरे हौसलों को उड़ान दी है।

मैं यह कैसे भूल
जाऊँ,
कि कितनी मेहनत
मुझ पर की है।
खून पसीने की
कमाई से,
हर ख्वाहिश पूरी
मेरी की है,
सच झूठ में अंतर
बतायाँ,

जीने का मतलब सिखाया।

मुझे चोट लगने पर,

अपना दुख वो भूल जाते है।

मैं कैसे बताऊँ कि माँ बाप कितने, अनमोल होते हैं।

प्रदूषण

प्रदूषण जैसे- जैसे बढ़ रहा है,
मानव का जीवन घट रहा है।
सांस लेने में भी मुश्किल हो रही है,
पर्यावरण की सुंदरता न जाने कहाँ खो रही है।
जहाँ भी नजरे घुमाओ वहाँ कचरा है
जमीन से लेकर आसमान तक बिखरा है
वायु में हो या जल में,
प्रदूषण असर डालेगा हमारे कल में।
अब वायु शुद्ध करने के लिए पेड़ लगाएंगे,

जब सब अपनी सोच में अंतर लाएंगे।
इसे रोकना हमारे हाथ में है,
जब तक मानवता देश के साथ में है।
अब ना प्रदूषण बढ़ेगा,
नदी का कचरा घटेगा
जीवन को ना कोई खतरा होगा,
जब प्रदूषण मुक्त यह हमारा भारत देश होगा।

कविता

जानवर इंसान में जो भेद बताए,
वही सच्चा गुरु कहलाए।
जीवन पथ पर जो चलाए,
वही सच्चा गुरु कहलाए।
जो धैर्यता का पाठ पढ़ाए,
वही सच्चा गुरु कहलाए।
संकट में जो हँसना सिखाए,
वही सच्चा गुरु कहलाए।

बूझो तो जानो !

1. एक बला ने मुसीबत डाली घर आये तो बजती ताली
उत्तर – मच्छर
2. एक चीज है जिसमे ताला, चाबी दोनों आते है
उत्तर – लौकी
3. ऐसी कौन सी चीज है, जो कभी न लड़ाई करती है और उसकी गलती भी नहीं होती फिर भी मार खाती है
उत्तर – ढोलक
4. ऐसी कौन सी चीज है जिसके फटने की आवाज नहीं आती
उत्तर – दूध
5. तीन अक्षर का मेरा नाम उल्टा सीधा एक समान
उत्तर – जहाज

प्रतीक्षा

बेजुबान जानवर

क्या बतलाऊँ दोस्त
क्या है आज जानवरों का हाल ।
इंसान ही बन गया आज ,
बेजुबान जानवरों का काल ।
इस धरती के हर हिस्से पर ,
आज इंसान कब्जा कर रहा,
जानवरों को उसके ही घर से,
मार -मार कर भगा रहा ।
बेचारे बेजुबान जानवरों पर
हो रहा अत्याचार ।
क्या बताऊँ दोस्त आज

क्या है जानवरों का हाल ।
मानव तभी महान बनेगा ,
जब जियो और जीने दो के
मंत्र को अपनाएगा।

वैष्णो भाटी
छठी – 'ड'

प्लास्टिक बना जी का जंजाल

जल, थल, वायु, आकाश,
सब हो रहा है धीरे -धीरे प्रदूषित ।
पर्यावरण में घोल रहा है जहर प्लास्टिक,
जीवन की सांसो को रोक रहा है प्लास्टिक ।
अब तो आ रहा है प्लास्टिक यूज़ करने में मजा,
कहीं बन न जाए ये जिंदगी भर की सजा ।
बन बैठा है ये पृथ्वी का राजा,
पर उसी का घोट रहा है ये गला ।
खाने के बर्तन-प्लास्टिक, पानी की बोतल-
प्लास्टिक!
नए -नए रूप में आ गया है, प्लास्टिक !
बीमारियों की नई फैक्ट्री है प्लास्टिक !
मौत का दूसरा रूप है प्लास्टिक ।
अब तो जागो करो बहिष्कार,
करो पर्यावरण को प्लास्टिक मुक्त।
नहीं तो प्लास्टिक से होगा जीना दुश्वार,
बन जाएगा ये हमारे जी का जंजाल ,
अब करना होगा इसका संहार ।

मानव मन को सम्मोहित करते विज्ञापन

आज के समय में हमारे देश में व्यापार बहुत तीव्र गति से बढ़ रहा है।

व्यापारी अपने सामान को लोगों तक पहुँचाने के लिए जिस हथियार को उपयोग में लाते हैं वह है विज्ञापन।

विज्ञापन एक ऐसी चीज है जो लोगों को अपनी ओर खींचती है और लोगों को यह समझाती है कि वह चीज उनके लिए कितनी जरूरी है, या कितनी जरूरी हो सकती है। कहने को तो यह सिर्फ एक पत्रा, या एक टीवी का एड या किसी दीवार पर छपा होता है, परंतु इनके अंदर एक ऐसी शक्ति होती है जिससे

ये किसी भी मानव के मन को आकर्षित कर सकती है। यह एक मानव के मन पर ऐसा प्रभाव डालते है कि व्यक्ति जो सामान नहीं खरीदना चाहता है, वह भी खरीदने पर मजबूर हो जाता है।

व्यापारी या विज्ञापन बनाने वाले को यह पता रहता है कि मनुष्य को क्या देखना पसंद है।

वे एक ऐसी भाषा का या एक ऐसे वाक्य का प्रयोग करते हैं जो लोगों को पसंद आए। ये वाक्य लोगों का इतना मनोरंजन कराते हैं कि मनुष्य उस चीज को खरीदने पर विवश हो जाते हैं।

ज्यादातर विज्ञापनों में फिल्मी सितारों को लाया जाता है या उनका चित्र उस चीज के साथ लगाया जाता है ताकि उस फिल्म स्टार को चाहने वाले उस चीज को खरीद लें। इस तरह इतनी छोटी सी चीज भी लोगों को आकर्षित कर सकती है।

इस तरह विज्ञापन व्यापार का एक सशक्त माध्यम बन गया है।

**अंश बटोला
नवी - 'ब'**

बच्चे सबके प्यारे

बच्चे सबके प्यारे,
बच्चे सबसे न्यारे,
जैसे आसमान में सितारे।

बच्चे है भविष्य के तारे,
बच्चे सबके प्यारे,
बच्चे सबसे न्यारे।

बच्चो को ना समझना कम,
क्योंकि उनमें बहुत है दम।

माना जाता है उन्हें भगवान का रूप,

जैसे हो सर्दी में धूप।

वो है रात में चमकते तारे,
बच्चे हैं सबके प्यारे,
बच्चे हैं सबसे न्यारे।

**अतीक्ष
पाँचवी - 'ड'**

मेरी माँ

मेरी प्यारी माँ तू कितनी प्यारी है,
जग है अंधियारा तू उजियारी।
शहद से मीठी है तेरी बातें
आशीष तेरा जैसे हो, बरसातें।
डॉट तेरी है मिर्ची सी तीखी,
तुझ बिन जिंदगी है कुछ फीकी।
तेरी आँखों में छलकते प्यार के आँसू,
अब मैं तुझसे मिलने को भी तरसूँ
माँ होती है भोली भाली,
सबसे सुन्दर प्यारी - प्यारी।

**आराध्या लोहानी
चौथी - 'अ'**

माँ पर अत्याचार

पापा कहते हैं,

कि खाना इतना खराब क्यों बनाती हो,

हम कहते हैं, मम्मी लोरी इतना धीमे-धीमे क्यों सुनाती हो?

चाहे वो डाँट खाने के चक्कर में पानी तक नहीं पीती हैं,
पर बेटा अपना ध्यान रखना स्कूल जाने से पहले एक बार ज़रूर कहती हैं।

वो आदमी घर आकर हर बात के लिए चीखता है,
मेरी माँ चाहे कितनी भी मेहनत करे,
उसे खूँखार नज़रों से देखता है।

रात को क्या पता चलता है कि मेरी माँ कितना पिटती है
पर सुबह मुस्कुराहट के साथ एक खरोंच तक नहीं
दिखती है।

अपने तो दोस्तों के सामने तारीफों के पुल बाँधे जाते हैं,
पर मेरी माँ के लिए तानों के अलावा और कुछ नहीं
आते हैं।

अगर औरत ने एक बार भी वापस जवाब दे दिया,
तो हफ्तों तक बात नहीं होती,

पर उस समय मेरी माँ अपने परिवार के बारे में न सोचे
ऐसी एक रात नहीं होती।

वो आदमी कहता है

कि घर तोड़ने के सिवाय तेरा कोई काम नहीं,
तेरा ऐसा कोई नाम है जिसके पीछे मेरा नाम नहीं।

हमारा सोचकर मेरी माँ ने कभी उसे कुछ बोला नहीं,
पर वो आदमी भी ऐसा है कि उन्हें कभी खुश छोड़ा
नहीं।

क्या-क्या बोला होगा कि एक इंसान की आत्मा को ही
मार दिया

और जब बताने की बारी आई तो सारा इल्ज़ाम अपने
सर से झाड़ दिया।

जितने भी उसने रोए थे वो झूठे आंसू थे

पर मेरी माँ के शब्दों
में तो जैसे सारे जादू
थे।

मुझे सब याद है
जो उसने मुझे
सिखाया है

पर मेरे बाप के
अभी भी समझ में
कुछ नहीं आया
है।

उनके शरीर की
जलती आग से एक आवाज़ मेरे अंदर भी आई थी
कि जिस पर अत्याचार हुआ वह मेरी माँ थी।
लोग कहते हैं कि माँ हमें सब कुछ नहीं सिखा पाती,
वैसी हैं कुछ बातें जो मेरी माँ ने भी मुझे नहीं सिखाई।
नहीं सिखाया उन्होंने मुझे कि कैसे चुप रहते,
कैसे दबते हैं, कैसे घुट-घुट कर जीते हैं।

पर इतना सिखाया है कि

सच सामने आना ज़रूरी है क्योंकि इंसान के बिना
मेरी माँ की आत्मा अधूरी है।

माँ की एहमियत को कोई बता नहीं सकता,

माँ कितनी ज़रूरी है यह कोई समझा नहीं सकता।

राम से कृष्ण तक सब हमें माँ की एहमियत ही तो
बताते हैं

पर हमें तो 'म' से शुरू होने वाले शब्द ही समझ नहीं
आते हैं।

ये सब झूठ नहीं है ये शब्द मैंने जिए हैं

कोई हम से पूछे कि माँ के न होने पर हमने कितने
आँसू पिए हैं।

A sunset scene with a large sun, silhouettes of people on a pier, and a quote. The background is a warm, golden sunset over a body of water. A long pier extends into the water, with two silhouetted figures standing on it. The sun is a large, bright circle in the sky, casting a reflection on the water. The overall mood is peaceful and hopeful.

LIFE IN PANDEMIC

OMG! What a ditch!
People started getting sick.
Whole world was suffering,
The growth of nation was buffering.

The schools became online,
The income was not fine.
Happiness from our faces vanished,
Lockdown of 21 days made us astonished.

The people went in depression
When will Covid-19 end? was the biggest question.
Covid-19 gave us a big lesson for sure,
That prevention is better than cure.

The studies of students got disturbed,
There were several difficulties to be solved.
Those days were full of network issues,
And it affected our eyeball tissues.

Thank God, everything is back in line,
All seems fit and fine.
Lockdown is finally over,
Covid-19 please go away forever.

Suyash Mishra VIII-A

FRIENDSHIP

It was a long sunny day,
With no sign of a happy stay,
But your discovery, O' friendship made me gay.

O' friendship, you made my demise extend,
O' friendship, you made me live intend,
O' friendship, I wouldn't be here without your trends.

You made me trust my ways,
You made me discover new days,
It is you O' friendship that made me explore the bays.

You made me feel my toes,
With happiness and no foes,
Yes, it is you who freed me from all the vows.

I don't have words to thank you,
As you're the one who made it happen through,
O' friendship it's only you! It's only you!

Stephen VI-A

DINOSAURS

Dinosaurs are the creatures which lived on Earth millions of years ago. The word Dinosaur means 'Terrible Lizard'. They are very large and quiet in nature. Dinosaurs who ate flesh were aggressive in behaviour.

Being fond of water they spent much of their time in it. Dinosaurs are categorised into three categories:-

- Herbivore: Ex: Brachiosaurs, Iguanodon, Diplodocus etc.
- Carnivore:- Ex: Velociraptor, Giganotosaurus, Tyrannosaurus Rex etc.
- Omnivore: Ex: Avimimus, Harpymimus and Fruitadens etc.

Brachiosaurs is a type of herbivore Dinosaur. It lived in North America and ate ginkgoes. It was 26-30 m tall. Iguanodon was 9 metres (30 feet) long, stood nearly 2 metres tall at the hip, and weighed four to five tons. Diplodocus is perhaps the most commonly displayed dinosaur. They were plant-eating dinosaurs with long necks, massive bodies, and four pillar like legs to support the body.

Velociraptor had huge claws on their back legs. They weighed 55 pounds (25 kilograms).

Giganotosaurus was one of the largest meat-eating dinosaurs. It had a massive skull to go with its large body. Tyrannosaurus Rex, whose name means "king of the tyrant lizards," was built to rule. This dinosaur's muscular body stretched as long as 40 feet.

Avimimus was a small, bird-like dinosaur with a length of 1.5 m (5 ft).

As an omnivore the Harpymimus could be found eating plants and meat in Mongolia approximately 99 million years ago. *Fruitadens* is one of the smallest known Ornithischian dinosaur, with young adults

estimated at 65 to 75 cm (26 to 30 in) in length and 0.5 to 0.75 kg (1.1 to 1.7 lb) in weight.

Now, Dinosaurs have become extinct.

Shresth Diwedi VIII-B

A DAY FULL OF GUESTS...

I started my day with great spirit of joy. It being "Sunday, I planned a 'To Do' list which included 36 items. And then at 11:00 am, someone constantly rang the doorbell. It was me who opened the door....

Bewildered I was as I saw a bevy of people at my door. Guess what? There were a few guests out there with the naughtiest kids of this world. My goodness! They were going to stay at my home for the next few crucial hours. Seeing them outside, every incident of their last visit started appearing in front of my

eyes. From ripping off my bag, tearing of notebooks, chopping off my doll's head, breaking of every toy to littering of goods everywhere.

My parents and I welcomed them and then while the guests were having snacks, their children were busy, constantly trying to stop me from doing things I had planned in my 'To Do' list.

After, about half an hour in a critical and frustrated state, I gave up and took them to a park nearby. Things weren't going so well. It was totally an unpleasant day struggling to get some personal space.

I thought of completing my important works after they would depart in the afternoon. But my goodness, I came to know that they would leave only after the dinner. The next few hours passed struggling with those naughty triplets and staring at my unfinished work. They stayed up for the whole day and enjoyed their Sunday but mine was fully ruined. I knew that I was going to be scolded in school the next day and that was scaring me the whole night.

Swasti Singh VII-A

THE RAIN

The rain is falling here,
And scorching heat of sun has gone elsewhere.

The birds are marching to their nests,
And now we all can take a rest.

The rivers are full of water,
And the animals in forest are struggling for shelter.

Everyone is adapting to move further,
For the upcoming snowy winter.

There is nothing,
Which you haven't nurtured either small or big.

You give a lot to the plants,
It is not possible, to count your grants.

We go to the rivers.
To see our boats sailing.

You are the one,
Who give us the fun and hailing.

For the relief from heat,
I thank you again.

O mighty rain
We wish you come again and again!

THE NEW EDUCATION POLICY-2020

After the approval of the Union Cabinet of India, the 'New Education Policy'

came into existence, on 29th July 2020. The aim of this policy is to reduce classroom load from students and make them more co-operative and multi-lingual. The main motive is making a child learn along with becoming a skilled one, in whatever field they want or are interested in. In this way, the learners are able to figure out their aim and their capabilities. The students are provided integrated learning i.e. having the knowledge of every discipline. It also lays emphasis on the reformation of teacher's education and training processes.

The New Education Policy is effective because unlike the old policy of 1986, it focusses on the relevance of a multi-disciplinary approach. It aims at all round development of the students. It will help the students at their different stages of learning. The change is done in the existing education system to make education reach up to all, ranging from urban to rural areas.

This new policy is based on four pillars which are Access, Equity, Quality and Accountability which aims to transform India into a well-educated nation by making schools and colleges more holistic. It replaces the 10+2 system to 5+3+3+4 system, where 12 years are of schooling and 3 years are of pre-schooling.

It emphasises both online and offline mode of studying. It also aims to remove mark sheets so that students do not have any kind of mark sheet pressure. As per the policy all students are now allowed to take Board Exams on upto two occasions during any given school year, one main examination and one for improvement if desired. According to the policy 'Sanskrit' is now a main subject. It also proposes Sanskrit to be offered at all levels of school and higher education. Now 100 top- ranked foreign universities will be allowed to set up their campuses in India.

India can truly achieve a better state with the proper implementation of this education policy.

FACTS

OF OUR BODY

1. The heart is the hardest working muscle in the body.
2. At any given time your brain can generate upto 25 Watts of power-that's enough to power a light bulb.
3. In a lifetime, a person drinks: 20,000 gallons (75,000 Litres) of water.
4. If the human eye is digital it would have 546 megapixels. An eye can distinguish about 10 million different colours.
5. Skin is the human body's largest organ and it's constantly renewing itself.
6. The typical human travels at just under 40 miles per hour (64 km/h). That's the same speed as of a tiger.
7. Newborn babies can recognize their mother's face after just a few hours.

Maharnab Deka VI-A

MOM

Moms are those who take care of you,
Moms are those who clean for you,

Moms are those who cook for you,
Moms are those who motivate you.

Moms are those who help you,
Moms are those who love you,

Moms are those who are very strong,
Moms are those who always stay along.

Let us pledge to respect them,
Not to hurt but to take care of them,
Listen to them and learn from them,
And above all, to always obey them.

Palak Pal IV-B

INVITATION WITH A SMILE.....

Suppose we decide to invite some scientists or inventors to a full moon party.....how do you think they will respond? Let's see the answers coming from their side.....

Thomas Alva Edison: "Wow! It will light up my life. Will surely come." (Electric bulb)

L. E. Waterman: "Let me pen down the date. Will manage and definitely join." (Fountain Pen)

Marie Curie: "Nice, my heart is radiating with great joy for the invitation. I shall certainly come." (Radio-activity, Radium)

Wright Brothers: "We will come provided the flight is on time." (Aeroplane)

B. Cristofori: "Yeh! It's rhythmic to meet my friends." (Piano)

Alexander G. Bell: "Hello! Thanks for the invitation, it will be really interactive." (Telephone)

Nicolas J. Conte: "Great! Leading decision of having a party. But sorry, I have some important writing work to do." (Pencil)

James Watt: "Yippee! What an electrifying idea. It will allow me to let off some steam." (Steam Engine)

RSVP with a smile if you want to join.

Teacher**

LIFE: A HOPEFUL GAME

Before the Covid -19 Pandemic,
There was no loss of academic.
Everywhere we used to go,
We never missed a show!

We were regular to school,
Learning and understanding new rules.
Suddenly someone came knocking at the door,
And said to stay home and do the chores!

Students were bored for not going to school,
Day by day becoming fools!
One day, there was a ray of hope
Online teaching was the new scope.

Some students had a suffering,
As the network kept on buffering.
Some were busy playing games,
When teachers were calling out their names.

One day there was a news,
That Covid-19 was going to fuse.
Students were ready to surrender,
For doing a lot of blunder!

Once again teachers were on toes,
For segregating friends and foes.
There were new challenges to face,
To teach children with a grace.

As everything is now back to normal,
We got a second chance to be formal.
We hope this remains the same,
As life is just a hopeful game!!

FACTS

ABOUT ANIMALS, BIRDS AND INSECTS

1. Bats are the only mammals that can fly.
2. Butterflies taste with their feet.
3. Cockroaches can live for a week without its head.
4. Dolphins sleep with an eye open.
5. Giraffe is the only animal that can make any sound.
6. Giraffe can clean its ears with its tongue.
7. Humming bird is the only bird which can fly backwards.
8. An ostrich's eye is bigger than its brain.
9. Tardigrades can survive in space.
10. Woodpecker can peck a wood 20 times in a second.
11. A hippo's sweat is pink.
12. Gorillas can eat about 40 pounds of food every day.
13. A cat has 52 muscles in each ear.
14. A newborn Panda weighs as much as a small cup of coffee and is smaller than a mouse.

Kritika Patel VII-B

CAN PEOPLE LIVE WITHOUT INTERNET?

On 7th March, 1976, the world was first introduced to the internet. Can people live without the internet? Some may say yes, some may say no. You might be little surprised to know that 82% of Indians cannot live without the internet and India is on the top list of countries whose people can't live without the Internet.

Internet is a blessing as well as a curse. Why? Because of rapid urbanisation in this modern world the internet is a must. People use it for work, education and other

purposes. But some people misuse it for cybercrimes (cybercrime means

the use of computer for a criminal activity in a wrong way like cybersex, trafficking etc.) In some

remote and underdeveloped parts of the world, people don't use the internet or might not know what internet is.

Internet is a good access and important also because during pandemic many people had to work from home to survive. There are many advantages and disadvantages of the internet. We should see to it that we don't misuse the internet. We should also see to it that the kids should not be addicted to their phones or tabs as it can affect their brain and with continuous usage of gadgets, it can spoil their eyes. There should be a limit of one to one and a half hour for the kids while they are using the phone or tab.

Have you ever wondered about life without food? People are addicted to the internet just like food. The internet has become part of every single aspect of life from relationship, family, friends to education and business. Due to the internet connection the communication with our dear and near ones has decreased. People should prefer going out and playing or walking instead of sitting at home and playing games on the phone. So, you see everything has its good and bad side and we should see to it that we choose the good.

INTERESTING FACTS

1. A human's ear and nose never stop growing.
2. We produce 50 litres of tears every year.
3. Lake Hillier is a naturally pink lake in Australia.
4. A chicken can live without its head for up to 18 months.
5. Japan's Okinawa Island has more than approx. 450 people living above the age of 100 and is known as healthiest place on the earth.
6. The part of the river Ganga which flows in Bangladesh is known as 'PADMA'.

Aditi Arya VIII-B

A STUDENT

In a classroom bright and new,
A student sits with pen and glue.
With books and papers all around,
Their School life has lot of bounds.

Each day they learn and grow,
Their minds like a seed that starts to glow.
With numbers, letters and words to write,
They learn to read, spell and do it right.

They learn History and Science too,
Planets and Stars tell them what to do.
Their days are filled with lessons old,
And stories of the brave and bold.

But school life isn't just about the books,
It's also about the friends those hook.
With laughter and play during recess,
The bond of friendship, they all possess.

As the days go by and the weeks roll on,
The students will continue to go on.
The hat of a learner, curious and bright,
Ready for the future, move forward to spread the light.

ONLINE EDUCATION: PROS & CONS

“Education is not the learning of facts, but the training of the mind to think”- Albert Einstein

Education plays a very important role in people’s lives. It will either make or break the dream depending on their career.

Let’s talk about online classes. It has become a trend since the period of Covid-19 lock down. Many schools run online classes for safety of their students. Online study has become popular due to its convenience and easy operation. The study materials in online education could be notes, audio, video, images and so on. The online mode has made the delivery of educational materials flexible: one can study at any time, and from anywhere. It reduces nervousness among a few students. Online study provides a chance for them to study at their own speed and capabilities. Online classes are enjoyable and comfortable as well.

Like the other side of a coin, apart from it’s benefits there are various drawbacks too.

Online classes do not make an environment like a classroom. Virtual education offers poor opportunity. Over-exposure to gadgets leads to health risks like headache, poor eyesight, lack of concentration and so on.

Online study also hampers physical development. It creates distance among classmates. One might need to put in extra time to understand the learning process. It is easier to cheat in an online exam than an exam conducted in offline mode.

Online class has both pros and cons, but it creates a method of learning that can help develop student’s performance. To facilitate teaching and learning in an online mode, it is essential that there is proper and time bound communication between the school, the teachers and the students. Efficient time management is the key to assist students to complete and submit assignments on time.

CHILD’S FEELINGS

When it is the first day of a child in a new school,
They have a sudden feeling.

Their heartbeat increases,
And heart squeezes.
They hold their bag,
Ready for getting a tag.

They enter the gate,
Thinking about their fate.
They tip-toe into the class,
Feeling like a broken glass.

When they make some friends,
They try to follow new trends’.
When they become familiar,
They try being similar.

BEAUTY OF INDIAN ART

Indian Art!

The legacy of thought and tradition

Which creates Unity in Diversion.

Heritage and Beauty, Faiths and Beliefs.

Give a kind of relief.

Melodious music, dignified dance,

Wall painting and sculpture,

All respecting our culture.

This beauty has a unique pattern

Whether it be simple lantern,

Indian Art has different forms,

That tells us its incredible norms.

Aastha Anshika Sarangi IV-A

DIFFERENCE BETWEEN PRE-PANDEMIC & POST-PANDEMIC

We all know that Covid-19 pandemic has created many problems all over the globe. Specially, it created major problems in a student's life. Before COVID 19 pandemic, all the things were going smooth. Students were going to schools, giving offline exam and talking with their friends freely. But suddenly the whole nation went under a lockdown. All the shops, schools, markets, institutions etc. were closed down and that affected a lot to every single person. This imbalanced the student's time table. Seeing the loss, schools decided to hold online classes for further studies.

We can say that online classes were helpful but they had disadvantages too. We had to sit for hours and study on screen which affected our eyesight. It created great challenges in student's life. When school reopened after the pandemic, there was a great joy and happiness among the students because now we could meet our friends, and be back to school. This helped us to regain our focus and mental balance in studies. But one new change was there in the environment of school. Now, all the students had their mask on and were maintaining social distancing. Slowly with the passing time the school's environment has settled down with the improvement in the financial conditions of the people throughout the nation. I hope and pray that this phase should never come in our lives again.

Siya Sharma VIII-B

WHAT IS LIFE?

Life is a journey full of struggle to get success. It is just like a game. The game starts with our birth and ends with our death. Do you know the name of this game? It's termed as "To live or to Die".

Every person in this world has to play this game. In this game, we need to earn points and score to level up and if we qualify or win the game, we can survive a better and royal life. But if we lose or are unable to score points then we will live a miserable and poor life and after some years we shall die. The game ends with our death. It is estimated that around 25% of the people are losers. Eventually, I will say that we should keep on motivating ourselves and never give up on anything. We should have a strong aim and desire, to go through and succeed in our life.

Ashutosh Raj VII-B

MY FIRST DAY AT SCHOOL

Today was my first day
At where my school lay!

I ate my breakfast happily,
For I wanted to be cool.
Having dressed up neatly,
Began the journey to school!

Full of curiosity and tension,
I passed the way to school.
Needless here to mention,
That I had lost my cool!

As I entered the school campus,
I tripped and fell apart.
I was speechless and nervous,
When I saw someone coming smart.

The person helped me clean,
And guided the way to my classroom.
Soon I knew that I had met the Dean,
Whose smile had made me bloom.

Though, I was a new bee,
But I never felt that way.
Everyone was caring and loved me,
And all of these made my day!

Today was my first day,
Altogether, it was a happy day!

HEALTHY FOOD

As we all know that food is very important for us. We all need food to stay alive. So, to stay alive, we should always consume the healthy food.

Healthy food does not have only one but numerous benefits. It helps us in various ways. Healthy food does not only impact our physical health, but also our mental stability. When we intake healthy food like fruits and vegetables, we reduce the chances of diseases. Healthy food keeps us strong and energetic.

We should avoid eating fast food because it is not easily digested, creates many health issues and it is also costly for our pockets.

So, if you eat healthy, you will grow healthy. As it is a true saying that 'A healthy and balanced brain stays in a Healthy Body only.'

AMAZING FACTS ABOUT WATER

1. The amount of water on Earth is always same.
2. Nearly 97% of the world's water is salty or otherwise undrinkable.
3. Water regulates the Earth's temperature.
4. 75% of the human brain is water and 75% of a living tree is water.
5. A person can live about a month without food, but only about a week without water.
6. Water is part of a deeply inter connected system.
7. The average total home water used by each person in the U.S. is about 50 gallons a day.
8. Water expands by 9% when it freezes.
9. Frozen water (ice) is lighter than water, and that is why ice floats in water.
10. 1.7% of the world's water is frozen and therefore unusable.

JAN VISHWAS BILL

In December 2022 Union Minister Piyush Goyal introduced Jan Vishwas (Amendment of Provisions) Bill 2022 to promote ease of business. From the Lok Sabha it was passed on 15.12.2022. After that by the Rajya Sabha on 22.12. 2022.

Why is this bill passed? To reverse the trend of over Criminalisation.

Objective of this bill - “Decriminalising” 183 offences across 42 legislations and enhancing the ease of living and doing business in India.

Act of Criminalisation often becomes a medium for government to put across a strong image in the public’s mind as opposed to punishing wrongful conduct.

Imprisonment Status - There are more than 26,134 imprisonment clauses in a total of 843 economic legislations, rules and regulations which seek to regulate business and economic activities in India.

Issues related to over criminalization:

- Criminal law is frequently used as a political tool.
- Rise in the prison population is also proof of over criminalisation. As per the National Crime Records Bureau’s prison Statistics of 2021, the number is 5.54 lakh. This is the breakage of their right, that is, right to life.

Provisions of Jan Vishwas Bill:

- Jan Vishwas Bill (Amendment of Provisions) either omits unnecessary Provisions or replaces them with fines (Penalty).
- There are two types of offences for the Bill.
 1. Regulatory offence - The offence that is regulatory in nature and can be solved with the medium of fines and imprisonment.
 2. Penal or Punishable offence - Under this the criminal needs to be prisoned. Imprisonment is necessary.

Main motive: This bill is for stopping the overcrowding of prisons.

COMPUTER: MY TRUSTWORTHY FRIEND

Computer, my trustworthy friend, always by my side.
Helping me to work, learn and play with pride.

With a touch of a button and a click of a mouse,
You open a world of knowledge, information and house.

You store my memories, my secrets and my dreams.
You are my window to the world or so it seems.

You connect me to friends, family and beyond,
You make my life easier, smoother and sound.

You are my teacher, my entertainer, my guide.
You are with me always, by my side.

But with great power, comes great responsibility.
To use you wisely, and with ability.

Computer, my trustworthy friend, I’ll always be grateful.

For it’s you, who has made my life beautiful.

Sheetal Sharma
Computer Teacher

IMPOSSIBLE

Many believe that the word impossible means a very difficult task that cannot be done. But if we distribute the word 'Impossible' it means 'I Am Possible'. Everything is possible in the world and nothing is impossible until and unless we try. People have dreams but they are afraid to move ahead on the path to achieve their goals. Problems will be there, but it doesn't mean that it is impossible. Every problem has a solution and that's why it is a problem. For example => We were sure that it is impossible to defeat the Britishers but our freedom fighters made it possible. If they can make the things possible why can't we?

We have created a mindset that this thing is easy and possible, we can do it. Oh No! This is so hard, it is impossible for me. I am not going to do this. I will fail.

Before even trying it, we are concluding that this is impossible and I will definitely fail. But if we try it will become possible. Nothing can be achieved without effort, practice and hard work. If you have convinced yourself that you can do a particular thing, you will do it, no matter how difficult it is. As 'Nothing is impossible in the world.' Napoleon had once said, "Impossible is the word to be found in the dictionary of fools!"

Aditi Arya VIII-B

WORLD OF

Science is a long mystery,

With physical and biological history.

It is the language of nature,

It tells us about every creature.

For us it's a great boon,

Science helps us reach to moon.

We walk on ground due to gravity.

One wouldn't believe but it's reality.

Our lives have become so busier,

Thankfully, Science makes it a lot easier.

As to every powerful action,

There is an equal and opposite reaction.
Science is the backbone of our society,
Full of endless variety.

Science is one that gives electricity,
It's difficult to measure it's capacity.

Science knows about every animal and plant,
From an elephant to a tiny ant.
Every part of science makes a sense,
Truths and facts build up a fence.

I am feeling short of lines
On this very complicated world of 'Science'.

Namrta VIII-A

TEACHERS

Teachers are great,

They help us in every state.

They are our well-wishers,

Who help us to shine and glitter.

Whenever we mess up things,

They help us to tie up strings.

Vital than parents they are in our life,

It is they who make us sharp as a knife.

They make us soar high like birds,

Impart us the knowledge of words.

They teach us to be hard as metal,

But their heart is soft as petal.

They make us a brave warrior,

To face life's ordeals without fear.

They are our stairs to heaven,

We feel like being on cloud seven.

They teach us to burn like coal,

In order to achieve our goal.

They are world's future soul,

Who very diligently play their role.

They always tell us to follow the rule,

To keep our heart soft and cool.

लेखन

मुश्किल नहीं है कुछ दुनिया में,
तू ज़रा हिम्मत तो कर। ख्वाब बदलेंगे
हकीकत में, बस तू ज़रा कोशिश तो कर।
आँधियाँ सदा चलती नहीं, मुश्किलें सदा
रहती नहीं। मिलेगी तुझे मंजिल तेरी, तू
ज़रा कोशिश तो कर।

इंटरनेट का रोग

लगता है सबको यह
अंतरजाल बहुत प्यारा,
प्रयोग करते हैं लोग
इसका दोबारा-
दोबारा,
काम के बहाने सब करते
इसका बहुत प्रयोग,

बूढ़े बुजुर्गों का कहना, यह है इंटरनेट का रोग।
स्वं दिनचर्या में मनुष्य इतना इसे मत अपना,
लगातार देखने से फोन, दृष्टि होगी एक सपना।
सही प्रयोग करें बस इसमें ही हित है अपना,
व्यर्थ निर्भर हो इसमें तुम मत ज्यादा खपना।
हाँ, यह बिल्कुल स्पष्ट कर देता है बातों को,
पर इसे महत्व देकर भूल न जाना किताबों को।

आदमी का मौन

आदमी का मौन
बहुत कुछ कहता है।

याद करता है, दिल रोता है,
लगता है जागता ना सोता है।

परेशाँ होता है, सुध-बुध खोता है,
डरता है संसारी दुकाँ से।

घर जाता है
सिर पटकता है पछताता है।

खुद से ही जी चुराता है, घबराता है,
आदमी का मौन बहुत कुछ कहता है।

दीप जलाता है, समानता का
रह नहीं पाता है।

अड़ता है, लड़ता है, झगड़ता है।
आदमी का मौन बहुत कुछ कहता है।

हिंदी टीजीटी

पानी

पानी है अनमोल,
इसको यूँ ही नहीं बहाना।।

पानी की तुम कीमत समझो,
छोड़ो इसको व्यर्थ में बहाना।।

जीवन अपना पानी है,
सच्ची यही कहानी है।।

सोच-समझकर तुम इसे भरो,
व्यर्थ न तुम इक बूँद भी करो।।

कहीं पड़े ना मोल चुकाना,
शुरू करो अब इसे बचाना।।

पानी करता काम अनेक,
इसे तुम दो न यूँ ही फेंक।।

इसके बिन हम रह नहीं सकते,
एक दिन भी मानव रह के देख।।

मेरा है यही तराना,
पानी है हमको बचाना।।

वो लोग मस्त जीवन जिया करते हैं

वो लोग मस्त जीवन जिया करते हैं,
जुबां संभाल के जो बात किया करते हैं।
नादान होते हैं जो छोटी-छोटी बातों पर,
यहाँ वहाँ झगड़े मोल लिया करते हैं।
बड़े-बड़े कष्टों से बचा लेते हैं खुद को,
जो वक्त पे सब्र का घूंट पी लिया करते हैं।
एक बार जुड़कर फिर कहाँ उधड़ते हैं,
प्रेम-डोर से जो रिश्ते सींया करते हैं।
खुद की जिन्हें जरा भी कद्र नहीं वो फरेबी,
कीचड़ को कीचड़ से साफ़ किया करते हैं।
अपने दामन पर दाग़ होता जिनके बेअक्ल,
दूसरों को भी खुदसा समझ लिया करते हैं।
ये होंसलों की बुलंद कहानियाँ ही तो हैं,
कीचड़ में भी कमल खिल लिया करते हैं।
कुछ तो हवाएँ बह रही हैं रहस्यमयी,
लोग यूँही नहीं सफाई दिया करते हैं।
शिद्दत से ना चाह “संदीप” हर किसीको,
बाद में यहीं लोग बहुत कष्ट दिया करते हैं।

स्वच्छता एक अनुरोध!

स्वच्छता में भगवान का वास है,
ऐसा ग्रन्थों में गाया है।
स्वच्छ रहना, खुश रहना,
जीवन के लिए जरूरी बताया है।
स्वच्छता की अच्छी आदत डालो।
घर परिवेश को स्वच्छ बनालो।
स्वच्छ आँगन, स्वच्छ तन-मन!
मिलकर, जीवन को महकाओ।
जीवन की बगिया को गंदगी से बचाओ।
ऐसा संदेश पहुँचाकर,
स्वच्छ भारत बनाना है।

शिक्षा क्या है?

शिक्षा वह रत्न है जिसका कोई मूल्य नहीं। शिक्षा
गुरुओं द्वारा दिया वह आशीर्वाद है जो मनुष्य को
निर्णय लेने की शक्ति प्रदान करता है।

शिक्षा मनुष्यों के जीवन में वह प्रकाश है जो जीवन
की सभी कठिनाइयों और मुसीबतों का हल
निकालने की शक्ति प्रदान करता है।
शिक्षा वह अमृत है, जिसे पीकर दैत्य भी मनुष्य बन
गए।
शिक्षा भेदभाव, छुआछूत और अंधविश्वास जैसी
बुराइयों को समाज से नष्ट करती है।
शिक्षा मनुष्य का कवच, शस्त्र, गहना और गुरुओं
का दिया उपहार है।
शिक्षा वह वरदान है, जो पत्थर को भी हीरा बना दे।
इसलिए शिक्षित बनें और ज्ञान से सारे संसार को
प्रकाशमान करें।

संस्कृत का योगदान

भारतीय भाषा संस्कृत का विश्व के लिए बहुत बड़ा योगदान रहा है। संस्कृत ने हजारों साल तक विश्व को बहुत कुछ दिया है। संस्कृत भाषा से ही बहुत भाषाएँ जैसे हिंदी, बंगाली, नेपाली आदि भाषाएँ बनी है। इन सभी भाषाओं ने वार्तालाप को आसान कर दिया है। संस्कृत भाषा में कई ज्ञान तथा विज्ञान के तत्व छिपे हुए हैं। संस्कृत भाषा ने विदेशियों के सामने भारत की प्रतिष्ठा बढ़ाई है। संस्कृत एक वैज्ञानिक भाषा है। कई महान देश जैसे - अमेरिका तथा इंग्लैंड के महान वैज्ञानिक भी यहीं कहते हैं। मानना है कि संस्कृत भाषा आगे चल कर कंप्यूटर के लिए बहुत उपयोगी होगी। यहाँ तक की 'नासा' जो की एक अमेरिकी अनुसंधान एजेंसी है, उन्होंने भी कहा है कि भविष्य में कंप्यूटर में संस्कृत भाषा ही प्रयोग होगी। वैज्ञानिक एक ऐसा महासंगणक यंत्र बना रहे हैं जो संस्कृत भाषा ही समझ सकती है। अमेरिका तथा इंग्लैंड ने भारत से कई ग्रंथों की माँग की है ताकि वह इनका अध्ययन कर सकें तथा वैज्ञानिक तत्वों का पता लगा सकें। इन राष्ट्रों में तो अब संस्कृत पढ़ाना भी शुरू कर दिया है ताकि भविष्य में वे कंप्यूटर का प्रयोग कर सकें। तथा संस्कृत को मुख्य भाषा भी बना दिया गया है। संस्कृत ने चिकित्साक्षेत्र में भी विश्व को बहुत बड़ा योगदान दिया है जैसे 'प्लास्टिक सर्जरी' का ज्ञान पहली बार विश्व को संस्कृत भाषा - के ग्रंथ में ही मिला था। इसी प्लास्टिक सर्जरी की वजह से ही कई देश जैसे दक्षिण कोरिया जाना जाता है। संस्कृत ने सामाजिक क्षेत्र में भी योगदान दिया है। विश्व को रक्षा रणनीतियों, प्रशासनिक व्यवस्था इत्यादि विषयों का अत्यधिक ज्ञान संस्कृत से ही मिला था। संस्कृत ने गणित में भी बहुत बड़ा योगदान दिया है जैसे शून्य (0) तथा पाई (π) का ज्ञान भी विश्व को संस्कृत से ही मिला है। कई पुण्य ग्रंथ जैसे रामायण तथा महाभारत ने विश्व को जीवन जीने का तरीका बताया है। अतः वैश्विक स्तर पर संस्कृत का योगदान अवस्मरणीय रहा है।

रेलगाड़ी

देखो-देखो रेलगाड़ी
छुक-छुक कर चलती जाती
एक स्टेशन से दूसरे स्टेशन
दूसरे से तीसरे

धीरे-धीरे देखो बढ़ती जाती
कभी न रुकती एक जगह
आराम भी न करती यह।
यह तो है बस चलती जाती,
चलती जाती बढ़ती जाती।

इसमें कितने यात्री चढ़ते
एक जगह से
दूसरी जगह से
कितनों का यह घर बनती
कितनों को यह शरण देती
देखो-देखो इसके हृदय को
कैसी छिपाती अपने ममत्व को

देखो-देखो वो एक उतरा
अरे! एक नहीं कितने सारे
धीरे-धीरे यात्री इसमें से
उतरते जाते और उतरते ही जाते
और एक समय ऐसा आता
जब इसके सारे बच्चे उतर जाते
बस रह जाती है यह
यह और इसका घर
किसी को कुछ गम नहीं
गम नहीं कोई दुःख नहीं

जो कुछ देर पहले तक
मेरा घर था
उसे कितनी निर्दयता से छोड़ दिया
उस घर पर क्या बीत रही
कोई सरोकार नहीं इस बात से
बेचारी रेल
अचानक फिर से हंस पड़ी
देखो कितने यात्री हँस-हँस कर
आ रहे, बैठ रहे,
फिर से चल पड़ी
लगातार एक निरंतर पथ पर।
क्रमिक रूप से क्रमिक समय पर ॥

लड़की वाले

कर्ज के नीचे दब जाते हैं लड़की वाले,
दहेज लेकर करते हैं लड़के वाले मुँह काले।
कह-कहकर इसे एक रस्म,
कर देते हो तुम लोग लड़की वालों को भस्म ॥

आज आए हैं हम तुम्हें देने एक सीख,
इसे दहेज नहीं कहते हैं-भीख ।

कहता यह सारा संसार कि,
दहेज प्रथा है सालों-साल पुरानी।
परन्तु यह पुरानी नहीं,
है बस एक झूठी कहानी।
दहेज शब्द के अर्थों को दिया बिगाड़,
लड़की वाले घूमते-फिरे, जहाँ-तहाँ लगाए जुगाड़ ।
लगा कर जुगाड़ कर देते हैं ब्याह,
पर यह नहीं सोचते हैं की
वह ब्याह के बाद भी,
ससुराल में खुश रह पाएगी क्या ॥

वैसे तो सरकार
नियम बनाती है खूब सारे।
पर यह नहीं देखती है की
लड़की वाले फिर रहे हैं मारे-मारे

नव युवक ऊँचाइयों को छू रहे हैं,
लेकिन फिर बाकियों की तरह
गलती भी हू-ब-हू कर रहे हैं।
सरकार क्यूँ नहीं करती इस प्रथा को बैन,
लड़की वाला हर पल होता है बेचैन।
इतना दहेज लेकर भी,
लड़के वालों को मिलता नहीं चैन ॥
आगे बढ़िए और प्रण लीजिए,
दहेज प्रथा पर लगानी है रोक
ताकि किसी लड़की की जिंदगी को,
हत्यारों के हाथों न दिया जाए झोंक।

कोख

जीवन की उम्मीद लिए गर्भ में तेरे आई थी,
तेरे आँचल में ढेरो खुशियाँ लाई थी।
नहीं जानती थी इस बेरहम दुनिया में,
जन्म से पहले ही तुझसे जुदा हो जाऊँगी।
बेटी थी माँ तेरी तेरा मान बढ़ाती मैं,
आ जाती जो तेरे आँचल में तेरा गौरव बन जाती हैं।
ये हश्र हुआ मेरा माँ कोख तेरी कातिल हुई,
जीवन से मिलने आई थी मौत मेरी साथी हुई।
मेरी इस दशा पर नयन तेरे भर आए होंगे,
भेज मुझे इस धरती पर ब्रह्मा भी पछताए होंगे।

आरुष तिवारी

सुविचार

व्यक्ति का देखने का नजरिया जैसा होगा,
उसे चीजें भी वैसी ही दिखाई देगी।
इसीलिए अपने नज़रिए को हमेशा
स्थिर और सकारात्मक रखें।।

जिस प्रकार एक तीली लाखो पेड़ जला देती है।
ठीक इसी प्रकार एक नकारात्मक विचार,
आपके हजारों सपनों को जला सकता है।।

आपका, व्यवहार, आपके चरित्र का परिचय देता
है।

अतः हमेशा अपना व्यवहार अच्छा रखे
ताकि आपकी गिनती हीरों में की जाए।।

जीवन में कभी भी गुणों का अभिमान नहीं करना
चाहिए।

याद रखे मोर के पंख के बोझ ही उसे उड़ने नहीं
देते।।

ईशानी शर्मा

जीवन

जिस राह से गुजरें हम
एक नाम सुना जीवन!
थके हुए राही ने कहा,
आराम ही है, जीवन।

गरीबी में तड़पते हुए इंसान ने कहा,
पैसा ही है, जीवन
खुशियों के दायरे में किसी ने कहा,
प्यार ही है, जीवन।

मगर कोई हमसे भी पूछे,
कि क्या है जीवन?
ठोकर खाकर संभलने का,
नाम ही है-जीवन।

मयंक पुनिआ
तीसरी – ‘अ’

हमारे शिक्षक

आओ करें हिंदी, संस्कृत का ज्ञान
पढ़ाने आए हमें शिक्षक महान।
ना गलत कहें न ही गलत सुनें
बच्चों को सिखाएँ जीवन जीने की धुनें।
संस्कृत में ज्ञान है इतना
कोई तर जाए जितना।
शब्दों को मन में लेते सोच
बच्चों को शब्दों से देते टोक।
हिंदी में तो ज्ञान अधिक है
फिर भी न अभिमान तनिक है।
संस्कृत के हैं देवता स्वरूप
लेकर आए इंसान का रूप।
ऐसे हैं अध्यापक हमारे
संदीप वशिष्ठ नाम के प्यारे।

वरुण ओझा
सातवीं – ‘ब’

हमारा स्कूल

स्कूल हमारा सबसे अच्छा,
सबसे प्यारा, सबसे न्यारा।

यह हमें है ज्ञान कराता,
जीने का है ढंग सिखाता।

स्कूल हमें विद्वान बनाता,
स्कूल हमें पहचान दिलाता।

स्कूल है हमारा दूसरा घर,
गर्व है हमें जिस पर।

स्कूल से मिलती है हमें शिक्षा,
शिक्षा करती हमारी बुराई से रक्षा।

स्कूल हमारा सबसे अच्छा,
सबसे प्यारा सबसे न्यारा।

हॉकी में महिला

‘भारतीय महिला हॉकी टीम’ सर्वश्रेष्ठ उदाहरण है उन लोगों को जवाब देने का जो खेलकूद के मामले में महिलाओं को कमजोर समझते हैं। महिला टीम ने सोलह साल बाद कांस्य पदक अपने नाम किया है। वे खेल में ही नहीं हर क्षेत्र में निर्णायक भूमिका अदा करने में सक्षम है।

महिलाएँ खेल में अपने दल का सहयोग कर जीतने का हौसला रखती हैं। सविता पुनिया दल की कप्तान और नवनीत कौर उप-कप्तान बनाई गई थीं।

महिला हॉकी टीम ने राष्ट्रमंडल खेल में पहली बार पदक अपने नाम किया जो पुरुषों की रूढ़िवादी सोच पर तमाचा है। दल की बाईस महिलाओं ने अपना उच्चतम प्रदर्शन करके समाज में महिलाओं का सम्मान बढ़ाया है।

महिला टीम की कप्तान सविता पुनिया का जन्म हरियाणा (सिरसा) में हुआ था। उनके दादा जी ने उन्हें हॉकी खेलने के लिए प्रोत्साहित किया। उन्हें 2018 में अर्जुन पुरस्कार विश्व व एशिया कप में उच्चतम प्रदर्शन के लिए दिया गया।

अतः हमेशा ही नारियों ने देश का नाम रोशन किया है।

जोशीमठ में आपदा...

देवभूमि को लगी किसकी नज़र,
उत्तर का आँचल जो सबसे प्रखर,
जोशीमठ पर कुदरत का कहर,
ना जाने छायेगा कितने पहर ।
विकास बन गया विनाश,

जनता के गले का पाश,
जमीन, घर में आ गई ऐसे दरार,
उन्नति का अवनति से जैसे करार ।
काश! हो जाए कोई चमत्कार,
पहाड़ों की भर जाए बड़ी दरार,
मिट जाए हम सबके विकार,
बच जाए जोशीमठ के पहाड़।

अरनव गोदियाल
तीसरी – ‘अ’

बचपन

बचपन बड़ा सुहाना होता है,
मौज-मस्ती का खजाना होता है।
भाई-बहन का साथ होता है,
दोस्तों से रोज मिलना-मिलाना होता है।
माँ का आँचल होता है।
पिता के किस्सों का खजाना होता है।
ना कल की कोई फिक्र होती है,
ना आज का ठिकाना होता है।

स्कूल की मस्तियाँ होती है,
खिलौनों के लिए लड़ जाना होता है।
हंसी के ठहाके होते हैं,
बिन बात के रोना रुलाना होता है।
कितनी सारी बातें होती हैं,
बस खुशियों का खजाना होता है।
हर कोई अपना होता है,
सबसे बस याराना होता है।
दोस्ताना बचपन, बड़ा सुहाना होता है।

यात्रावृत्तांत मेरी अहमदाबाद यात्रा

वैसे तो मैंने अपने परिवार के साथ उत्तर भारत के कई शहरों का भ्रमण किया है परन्तु इस बार मेरे पिता जी ने भारत के बहुत ही आधुनिक एवं प्रगतिशील राज्य गुजरात के मुख्य शहर अहमदाबाद में घूमने की योजना बनाई।

28 दिसंबर, 2022 की शाम को आधुनिक सुविधाओं से युक्त राजधानी एक्सप्रेस से हमने अपनी यात्रा की शुरुआत की। इस रेलगाड़ी के आश्रित एवं खानपान का आनंद उठाते हुए हमने 29 दिसंबर, 2022 की सुबह पूजनीय महात्मा गाँधी जी की कर्मभूमि अहमदाबाद की धरती पर कदम रखा।

होटल में पहुँचकर हमने अपना सामान रखा और तैयार होकर सबसे पहले अहमदाबाद में विज्ञान केंद्र (साइंस सिटी) का भ्रमण किया। यहाँ का विज्ञान केंद्र सीखने व ज्ञान की दृष्टि से बहुत ही आधुनिक है। इसमें 'रोबोटिक्स' और 'एक्केटिक' गैलरी है जो की दुनिया के कुछ चुनिंदा विज्ञान केंद्र में ही है। इसके बाद हमने अतिमहत्वपूर्ण साबरमती आश्रम का अवलोकन किया। यहाँ हमने गाँधी जी के जीवन के बारे में बहुत सारी चीजें देखी एवं गाँधी जी से संबंधित पुस्तकों की खरीदारी की। आप यहाँ खादी के बने हुए कपड़े भी खरीद सकते हैं। साबरमती आश्रम में संसार के अनेक महान व्यक्ति व राजनेता महात्मा

गाँधी के दर्शन एवं मूल्यों को श्रद्धांजलि अर्पित करने आते हैं। शाम के समय हमने अहमदाबाद के खूबसूरत पिकनिक स्पॉट काकरिया झील पर बहुत सी चीजों का जैसे की बोटिंग, टॉयटेन राइड, इत्यादि का आनंद उठाया। उस दिन की यात्रा थोड़ी थकान भरी किंतु आनंदपूर्ण थी।

अगले दिन नाश्ता करके हमने विश्व की सबसे ऊँची प्रतिमा (स्टेचू ऑफ यूनिटी) का भ्रमण करने की योजना बनाई। यह प्रतिमा गुजरात के केवडिया नामक जगह पर स्थित है। करीब 9 बजे हमने केवडिया के लिए प्रस्थान किया। रास्ते में हमने कपास के खेतों में प्राकृतिक रुई को देखने एवं वहाँ फोटोग्राफी का रोमांच अनुभव किया। दोपहर लगभग 1 बजे हम अपने गंतव्य स्थान पर पहुँचे। स्टेचू ऑफ यूनिटी सरदार वल्लभभाई पटेल, जिन्हें हम लौह पुरुष के नाम से भी जानते हैं, धातु से बनी मूर्ति है। यह प्रतिमा 182 मीटर्स ऊँची है एवं इसको बनाने के लिए देश के लगभग सभी गाँवों से लोहा इकट्ठा किया गया था। इस जगह को काफी आकर्षक तरीके से विकसित किया गया है। सरदार पटेल पर एक म्यूजियम के अलावा यहाँ पर कई तरीके के प्राकृतिक बगीचे एवं फुलवारियों को भी विकसित किया गया है। मेरी आपको सलाह रहेगी की आप जब भी गुजरात जाएँ तो इस स्थान पर अवश्य जाएँ।

केवडिया से वापस आते समय हमने शुद्ध गुजराती व्यंजनों का लुत्फ उठाया। उस गुजराती थाली में इतने प्रकार के व्यंजन थे की मुझे तो याद ही नहीं। अगले दिन हमने अपने भ्रमण को थोड़ा आध्यात्मिक मोड़ देते हुए अक्षरधाम मंदिर व हाथीसिंह जैन मंदिर के दर्शन किये। दोपहर के समय हमने साबरमती रिवरफ्रंट पर चल रहे फ्लावर शो का आनंद उठाया। यह जगह अति सुंदर है और गुजरात के विकास को दर्शाती है।

इस प्रकार हमने अपनी यात्रा को विराम देते हुए वापस आने के लिए पुनः अहमदाबाद-दिल्ली राजधानी एक्सप्रेस पकड़ी और 1 जनवरी, 2023 को दिल्ली वापस आ गए।
